Containing the Freſheſt Advices, Foreign and Domeſtic.

PHILADELPHIA.

An ACT to prohibit the Selling of GUNS, GUNPOWDER, or other WARLIKE STORES, to the INDIANS.

WHEREAS ſeveral Tribes of Indians, for ſome Time paſt, have perfidiouſly made Incurſions within the Frontiers of this Province, and have perpetrated many cruel and barbarous Murders on the Inhabitants thereof, and it muſt be, in the preſent Circumſtance of Affairs, of dangerous Conſequence to ſupply the ſaid Indians with Guns, Gunpowder, or other Warlike Stores; for Prevention whereof, Be it enacted by the Honourable JAMES HAMILTON, Eſq; Lieutenant-Governor, under the Honourable THOMAS PENN, and RICHARD PENN, Eſquires, true and abſolute Proprietaries of the Province of Pennſylvania, and Counties of New-Caſtle, Kent and Suſſex, upon Delaware, by and with the Advice and Conſent of the Repreſentatives of the Freemen of the ſaid Province, in General Aſſembly met, and by the Authority of the ſame, That from and after the Paſſing of this Act, if any Perſon or Perſons whatſoever ſhall, directly or indirectly, give to ſell, barter or exchange, with any Indian or Indians whatſoever, any Guns, Gunpowder, Shot, Bullets, Lead, or other Warlike Stores, without Licence from the Commander in Chief of the King's Forces in thoſe Parts, or from the Governor or Commander in Chief of this Province for the Time being, firſt had and obtained, every ſuch Perſon or Perſons ſo offending, being thereof legally convicted in any County Court of Quarter Seſſions within this Province, ſhall forfeit and pay the Sum of Five Hundred Pounds, one Moiety thereof to the Informer, and the other Moiety thereof to the Governor or Commander in Chief of this Province for the Time being, and ſhall furthermore be whipt with Thirty-nine Laſhes on his bare Back, well laid on, and be committed to the common Goal of the County, there to remain Twelve Months, without Bail or Mainprize.

And be it further enacted, That this Act ſhall continue in Force for the Term of Twelve Months, and from thence to the End of the next Seſſion of Aſſembly, and no longer.

By Captain HARKIES, from Briſtol; and Captain BUDDEN, from London, we have the following Advices, viz.

WILNA (in Lithuania) JULY 25.

THE Ruſſians have taken poſſeſſion of our frontiers. They have orders, it is ſaid, to march forward, which alarms us not a little. Several Lords of this dutchy ſeem to have combined together, to bring us theſe new gueſts. Count Fleming, High Treaſurer, is aſſembling in haſte as many troops as poſſible; he has already got a pretty numerous army. Many that have been diſcharged from the Auſtrian and Pruſſian ſervices join his ſtandard.

Warſaw, Auguſt 6. The Marſhal of the Crown, and the Palatine of Kaliſch, are ſet out for Dreſden, to communicate to the King the reſult of the conferences held at Bialiſtock. In the mean time, it is certain that a large body of Ruſſian troops have entered into Lithuania, and the General who commands them has given his reaſons for ſo doing in a manifeſto, to the following purport: "That it is well known by all the world, that in order "to reſtore the public tranquility in Poland, the Ruſſian troops "reſided there from 1703 till 1716; and that their aſſiſtance "was earneſtly ſollicited of the Emperor Peter the Firſt, by the "King and the Republic of Poland; that the convention relative thereto was ſigned in 1716, and ratified by the Diet in "1717; that from this time that convention was conſtituted a "part of the fundamental laws of the Republic; and that it is "by virtue of this convention, that the Ruſſian troops have now "entered Lithuania, in order to quell the ſpirit of diſcord which "has long reigned there."

Hague, Auguſt 19. The principal difference which has ariſen between the Courts of France and England, with reſpect to the execution of the Definitive Treaty, relates, we are told, to the ſum of nine millions (393,750 l. ſterling) demanded for maintaining the French priſoners in England, which the Court of France refuſes to pay. We know not the particulars of this affair: France, it ſeems, allows the legality of the claim; ſhe has therefore, no doubt, ſome counterclaims, by which ſhe pretends to extinguiſh it.

Copenhagen, Auguſt 16. The great failures at Amſterdam and Hamburgh, made people very apprehenſive for ſome of the principal Houſes here; but we do not find that any of them have yet ſuffered.

Paris, Auguſt 19. The affair of Canada is ſtill carried on with great eagerneſs. Volumes of memorials and caſes are drawn up for and againſt the accuſed; and in them we already ſee enough to diſcover clearly how ill the King has been ſerved, and how much the rage of money has hurt the general good of the ſtate. It is ſaid that the Parliament inſiſts on taking cognizance of M. Lally's affair. The nation in general are full of indignation, that the honour of the French name, and the intereſts of the crown, ſhould have been ſacrificed almoſt every where, to the avariciouſneſs of a few individuals.

Hague, Auguſt 26. The deputies of the Dutch Eaſt-India Company who were ſent to London to terminate the differences between the two companies, returned a few days ago, and will ſoon make their report to the States-General. But we know already that their negotiation has proved fruitleſs.

Stockholm, Auguſt 9. Don Belezar, charged with the affairs of the Court of Spain has declared to the Senate, by order of the King his maſter, that it was reported to him, that, in conſequence of the late treaty of peace concluded between the Emperor of Morocco and the King of Sweden, that Crown has, by one of the articles in the ſaid treaty, engaged to furniſh that Barbary Prince not only with a certain quantity of ammunition, but alſo with a ſhip well armed, and provided with naval ſtores; adding, that, if this information proves true, his Catholic Majeſty cannot but reſent it, and take ſuch meaſures as the like exigencies require. To which the Senate has given Don Belezar for anſwer, that there was no foundation for ſuch a remonſtrance; the preſents intended for the Emperor of Morocco, conſiſted only of linens, cloth, &c. This complaint, however groundleſs, has notwithſtanding engaged the Miniſtry to order Count Creutz, Envoy Extraordinary from this Court to that of Spain, to haſten his ſetting out for Madrid.

Hamburgh, Auguſt 19. There are no mercantile dealings carried on here but for ready money; this neceſſarily affects navigation. Several veſſels, which have been long in the river, we are afraid muſt return in ballaſt.

Auguſt 23. Since yeſterday eleven more houſes in this city have ſtopped payment; notwithſtanding which here are many more conſiderable houſes, which, it is thought, will ſtand their ground.

The Jews, who are accounted the cauſe of this misfortune, find themſelves expoſed more than ever to the public odium; and though there are patroles in all the ſtreets, to protect them againſt the populace, yet they are in continual apprehenſions.

Extract of a Letter from Amſterdam, Auguſt 23.

"We are aſſured there will ſoon be a meeting of the principal members of the ſtate, in order to conſult about ways and means to obviate the conſequences of the bankruptcies already declared, to relieve as much as poſſible thoſe that have failed, and to aſſiſt thoſe that are in danger of breaking. But, to this end, the houſes in queſtion are to bring their books of accounts to the Stadt-houſe, as the government does not intend to favour any that may have been guilty of fraudulent practices."

Genoa, June 9. According to the laſt advices from Corſica, the rebels, after leaving a detachment in fort Furiani, have taken poſt with ſome ſmall corps in ſeveral places, in order the more eaſily to procure ſubſiſtance. By this movement, they have again inveſted Macinaggio, unleſs ſome means be undertaken to ſupply it with a reinforcement of men, proviſions, and ammunition.

Ratiſbon, Auguſt 18. Many reports prevail here, the truth of which we will not vouch for: Theſe are, that a large body of Ottoman troops is advancing towards the Danube; that a camp is tracing out in the environs of Bielitz in Sileſia; and that the miſunderſtanding increaſes between Ruſſia and Poland.

Auguſt 22. For this week paſt they have been enliſting troops for the ſervice of the King of Pruſſia: This levy, however, is made without any noiſe, and they take none but ſelect perſons.

Hamburgh, Auguſt 26. It is ſaid that the bankruptcies here and at Amſterdam have affected ſome of the principal merchants at Leipſic; likewiſe that one houſe at Bremen has ſtopt payment.

Amſterdam, Auguſt 25. Thirty-two failures in this city are ſuppoſed to amount to ſixty millions of Dutch florins, upwards of five millions ſterling.

Leghorn, Auguſt 6. The ſiege of Furiani coſt the Genoeſe upwards of 600 men. Their General, on abandoning the enterprize, left behind him 4000 balls, of 34 lb. each.

LONDON,

Auguſt 24. Great expectations, with regard to trade, are formed from the increaſe of our poſſeſſions on the continent of North-America. One houſe in the city, in particular, are preparing to ſhip off, with the firſt opportunity, for Florida and Auguſtine, goods to the amount of twenty thouſand pounds.

Auguſt 25. The forces which the King of Pruſſia has aſſembled in Brandenburgh, makes it apprehended, that he may invade Hanover, if the Britiſh Council perſiſt in refuſing to pay the remainder of the ſubſidy owing to him during the war.

Letters from Hamburgh of the 16th inſtant adviſe, there were at Altena ſeveral Pruſſian, Auſtrian, and Daniſh recruiting officers, who inliſted a great number of men, and ſent them directly away to their reſpective countries.

The letters which arrived yeſterday from Ruſſia, do not mention any thing about a new revolution in that Empire; by which it is thought that there was no foundation for ſuch a report.

By a letter from Torgau of the 6th inſt. we learn that the number of recruits for the Pruſſian army, in that city and neighbourhood, was amazing, but that notwithſtanding their great ſucceſs, the Pruſſian officers ſtill continued to recruit.

In a letter from Plymouth Garriſon, to a gentleman in town, dated the 10th inſt. is the following paragraph: "I have juſt now received orders to march with two companies into Cornwall, to quell ſome riots committed by the tinners there."

By a gentleman lately arrived from the Eaſt-Indies, we are informed, that ſome of our ſhips, juſt before they ſailed for England, had taken two ſnows, the one French, and the other Dutch, each of which had officers on board of the reſpective Countries; and diſpatches were found on board for the troops of each country to exerciſe hoſtilities againſt the Engliſh ſettlements in that quarter of the world.

It is ſaid a plan is laid before a certain great perſon, for opening the Theatre in the Haymarket for the enſuing ſeaſon; the profits ariſing therefrom to be appropriated to the relief of the widows and orphans of the officers, ſoldiers and ſailors, who loſt their lives in the ſervice of their country in the late War.

Auguſt 27. By the Holland mail, which arrived this afternoon, it is ſaid there is advice that 15 houſes have ſtopped at Hamburgh, and four at Berlin; which, if true, muſt greatly alarm the gentlemen concerned in commerce. The letters were ordered to be delivered this afternoon.

Laſt night Mr. Wilkes's brother arrived in town from Paris; and Mr. Wilkes is expected next week.

We hear that Lieutenant-Colonel Scott is appointed Lieutenant-Governor of the iſland of Dominico, Lieutenant-Colonel Gore for the Grenadoes, Lieut. Col. Maddiſon for St. Vincent's, and Major Brown, late Commandant of the Barbados voluntiers, againſt Martinico, for Tobago.

Price of Paſſage from Dover to Calais, in conſequence of the great increaſe of paſſengers, is riſen from 10s. 6d. to 15s. each.

Auguſt 30. On Saturday the Right Hon. William Pitt had a conference of near three hours with his Majeſty, at the Queen's palace; and we hear that yeſterday Mr. Pitt ſet out for the Duke of Newcaſtle's ſeat, at Clermont.

Yeſterday morning a meſſenger was diſpatched to the Right Hon. the Lord Chancellor, at his ſeat at the Grange, in Hampſhire.

Yeſterday morning an expreſs was ſent to Chatſworth, in Derbyſhire, for the Duke of Devonſhire to come to town immediately; and it is ſaid that ſeveral, if not moſt of the Lords in the oppoſition, will ſpeedily repair to town.

His Majeſty has appointed Robert Wood, Eſq; to have the management of the affairs of the ſouthern department, till another principal Secretary is appointed in the room of the Earl of Egremont; but the Earl of Halifax ſigns all the diſpatches that go from the ſaid office.

By letters from Hamburgh, of the 19th inſtant, we are adviſed, that the plan which was formed there by the merchants to ſupport one another had failed, which had occaſioned fourteen merchants houſes to ſtop payment on the 17th, and on the next day they were followed by thirteen more. It is added, that one of the greateſt merchants at Berlin has failed.

Some of our merchants received, on Saturday laſt, by the Dutch mail, a liſt of 34 bankrupts at Hamburgh, and 4 at Altena. There are no Engliſh among them.

Yeſterday Mr. Pitt was again in conference with his Majeſty above two Hours, at the Queen's palace, in the park.

The greateſt merchant at Berlin having failed, his Pruſſian Majeſty offered to advance him 200,000 ſix-dollars; which offer he declined accepting of, not being ſufficient; but the King of Pruſſia has granted him his protection for ten years.

They write from Amſterdam, of the 22d inſtant, that the German Jews reſiding there had ſubſcribed 300,000 florins, and their ſynagogue 60,000 ditto, to ſupport the merchants there, according to the aſſociation entered into.

It is ſaid, in a letter received by the laſt mail, that the Governor General of the French Weſt-Indies, immediately after taking poſſeſſion of the iſlands of Martinico and Guadaloupe, levied a ſum upon the inhabitants of thoſe iſlands to the amount of 500,000 l. ſterling.

The following are the changes talked of, in conſequence of the revolution which it is ſuppoſed is going to be made in the miniſtry, but as yet nothing certain is known relating to them.

The right hon. William Pitt, and Charles Townſhend, Secretaries of State.

The right hon. Earl Temple, Firſt Lord of the Treaſury.

The right hon. Earl Hardwicke, Preſident of the Council.

The right hon. Henry Bilſon Legge, Chancellor of the Exchequer.

And his grace the Duke of Devonſhire again Lord Chamberlain.

When this paper went to preſs a report prevailed, that Mr. Pitt was appointed Firſt Lord of the Treaſury; and it is doubtful whether Lord Temple, or the Earl of Egmont, will ſucceed Lord Egremont, deceaſed, as one of his Majeſty's Principal Secretaries of State.

There are ſaid to be very great heart-burnings among the people of diſtinction in Ireland, on account of ſome removals and penſions in the eſtabliſhment of that kingdom.

A letter from Wilna, dated July 22, ſays,---"We have received an account that the Ruſſian troops have poſitive orders to enter this grand dutchy the 30th inſt. the conferences to ſtop them having proved ineffectual. In the mean time the great treaſurer, Count Fleming, is raiſing men with the greateſt expedition and ſucceſs, there being a great number of men diſcharged by the late peace, who very willingly enter.

September 1. We are informed that above 3000 ſhip-carpenters, and others, are daily employed at Breſt, Rochefort, Toulon, Marſeilles, and other places in France, on the royal navy; and that they would have, in about two years time, a very formidable fleet.

General Webb's regiment came home from the Havanna in the Tyger man of war. The whole regiment now conſiſts only of 36 rank and file.

Extract of a letter from Paris, Aug. 12.

"You would be aſtoniſhed at the number of Engliſh that are in this city; it is impoſſible to paſs through a ſingle ſtreet without meeting them; they are ſo profuſe in their expences, that the French cannot be perſuaded there is a poor Engliſhman in the world. Aſſure yourſelf the French are meditating a heavy blow againſt England, and it will ſoon take effect, if the Miniſtry can compaſs the aboliſhment of the Farmers General, and lay an equal tax on the people; they will by this means increaſe the revenue 300 millions of livres, and get rid of 90,000 Collectors, ſomewhat like your Exciſemen, therefore deteſtable. The aim of the French Miniſtry ſeems to be to get a ſtrong body of men in the Weſt-Indies, before they declare themſelves; for this purpoſe there is ſcarcely a ſingle ſhip ſails for the iſlands without ſoldiers on board it. The Engliſh who are here on the ſpot talk very freely among themſelves of an approaching rupture, and indeed every thing bears the appearance of it; how this will be reliſhed in England, you beſt know who are on the Spot."

Extract of a letter from Dunkirk, Aug. 20.

"Believe none of the reports relative to the demolition of this place: The Cunette, it is true, is deſtroyed, and a few of the outworks, which might be rebuilt in a month; but the great canal, which is capable of holding ſixty men of war, is ſtill, together with its ſluices, in excellent order: They ſeem to have no intention of deſtroying it, neither will any of the fortifications be demoliſhed which can be of any future uſe to them: There are, it is true, ſome workmen who ſeem to be doing ſomething, but if they go on at the ſlow rate they now do, ſhould it be the intention of the French to demoliſh theſe fortifications, the work would be ſeven years about. I need only tell you, that they have begun the work at the wrong end, to convince you they are not in earneſt."

Laſt night there was a cabinet council held at the Queen's palace in the park.

The attention of the public was never ſo fixed to any object as the preſent unſettled ſtate of the miniſtry. Some pretend to ſay, that the intended coalition, or rather the reſtoration of the whig party, will not take place, but that the great men now at the helm, are determined to wait the meeting of parliament. Others are of opinion, that matters are now brought to ſuch a criſis, that nothing but the authority and influence of the great favourites of the people, will be able to reſtore them to that ſituation which every true lover of his country would wiſh.

Letters from Holland adviſe, that the Court of Vienna's apprehenſions of a rupture with the Turks increaſe more and more.

A manifeſto has been publiſhed, ſigned by Count de Soltikow, relative to thoſe troops.

The King of Poland has ordered the Steur of Saxony to be ſupported in its full credit; and the King of Pruſſia is willing to pay off the loan on Sileſia due to the Dutch, if they will account with him for his hereditary claims upon them, as the joint heir of King William III. and as ſucceſſor to Eaſt Frieſland, which he has acquired by the extinction of the line of its ancient Princes.

Baron Stenglin has agreed to pay his creditors in three payments; and the Jews, Ephraim and Wulff, have declared, that they will pay all the bills of exchange of the inſolvent houſes, which they have indorſed; but it is ſuppoſed there are none of their indorſements.

They add, that beſides the Chriſtians, ſeven of the moſt opulent Jews at Altena had likewiſe failed.

The following paragraph appeared in ſome of the news-papers of this morning.

"More than one account is ſaid to have been circulated of a late important conference, falſly pretending to be founded on authorities of the higheſt nature: The impartial part of mankind will certainly be cautious of giving credit to any of theſe ſtories, or of believing that the heads of either party would authorize their friends to propagate even truths, which on many accounts it would be improper to reveal, much leſs that they would lend their names in ſupport of falſhoods on this occaſion."

One of the accounts of the late conference here referred to, which has been diligently circulated, is as follows:

HIS M. in conſideration of the preſent diſguſts among his ſubjects, had, upon the death of the E. of Egremont, reſolved to ſacrifice all private reſentment to publick union and peace; and there being then two of the great offices of State vacant, viz. Secretary of State, and Preſident of the Council, and two or more perſons being willing to ſubmit to honourable removes (one of whom was Firſt Lord of the Treaſury) his M. was in hopes that theſe great offices, which carry moſt of the power of the State, would have gratified the ambition of the Oppoſition. Accordingly a perſon was employed to ſound the ſentiments of Mr. P. the great leader of that party, who then anſwered with much condeſcenſion and moderation. Upon which he was ſent for to his M. who repeated what is before related. Mr. P. upon this meeting ſupported himſelf upon a reaſonable footing, acting rather the ſupple and humble character, to draw his M. and his preſent adminiſtration, into a negotiation, as it will afterwards appear, merely to ſhake the confidence of the adminiſtration. What he chiefly inſiſted on was to be aſſiſted by the able counſel of Lord Bute; but he was anſwered, that as this could not be ſeriouſly deſired, ſo it was alſo impoſſible, becauſe that generous Nobleman had taken the reſolution of retiring where even the voice of Faction and Malice could not pretend he had the ſmalleſt concern in publick affairs, and this merely for the quiet of the kingdom, though it was extremely inconvenient for his private affairs.------Here then the negotiation ended; Mr. P. deſiring time to conſult his friends till Monday, when he returned to his M. and aſſuming quite a different ſtile and manner from the preceding day, he ſaid, That after conſidering the ſtate of the nation, and the ſtate of parties, he found, unleſs the following conditions were granted, he could not propoſe to enter into his M------'s ſervice; viz. Himſelf Secretary of State, and to have the diſpoſal of all offices. Lord T. Firſt Lord of the Treaſury, with three of his friends in the board (among whom Mr. Wilkes is ſuppoſed to have been intended to be one) the D. of C. at the head of the Army, and the naming of a Secretary at War: Newcaſtle and all his friends to come in: Every man who was concerned in making the peace, but Lord Halifax, to go out; and even all who voted for it, who might ſtand in the way of others who diſapproved.

To which his M. ſaid, "Sir, I believe, from my feelings as a man, I have offered as great ſacrifices as ever Monarch ſubmitted to, merely for the good of My People, whoſe minds have been poiſoned by ambitious and deſigning men; but you want to reduce me to ſuch a ſituation, by diſavowing my own act, and what my heart approves, and by giving up my friends to a vain and factious reſentment, that I ſhould be unworthy of ever having another friend; and you yourſelf muſt firſt deſpiſe, and then diſtruſt, me. No, Sir, before I ſubmit to theſe conditions, I will firſt put the crown on your head, and then ſubmit my neck to the axe."

Sept. 9. By the laſt letters from Spain it appears they were preparing to ſend over another regiment of troops to the Havannah.

We hear that a great number of artificers are likewiſe engaged to go thither, in order to build men of war at that place.

The Dutch troops on board five tranſports which ſailed lately from Holland, are bound to the Berbices, and not to the Eaſt-Indies, as has been ſuggeſted in ſome news-papers.

A letter from Mounts Bay mentions, that a ſmall ſmuggling ſchooner, lately arrived there from Morlaix, brings advice, that orders had arrived from court for fitting out at Breſt and Rochefort ſix ſhips of the line, and five frigates, which were to convoy a large number of tranſports with 5000 land forces, to garriſon the King's new reſtored poſſeſſions in the Weſt-Indies, beſides a vaſt quantity of warlike ſtores.

Matroſſes are daily entering into the train of artillery, in the room of thoſe lately diſcharged, and the ſeveral officers of that corps are ordered to attend at Woolwich.

Several ſmall field cannon, of a light carriage, are preparing to be ſhipped off for New-York and Virginia.

Extract of a letter from Portſmouth, Sept. 6.

"In conſequence of the encouragement given to ſeamen to enter into his Majeſty's navy, by an immediate payment of wages due, a great number of brave able fellows, who were loitering about Goſport, and its invirons, have entered themſelves with great chearfulneſs on board the Princeſs Louiſa, now bound for the Weſt-Indies.

"By the hurry carrying on here, eſpecially in the ſeveral dock-yards, there is reaſon to belive ſomething uncommon is upon the carpet. Several merchantmen and light colliers are now at Spithead, which it is ſaid will ſpeedily ſail for North-America, as tranſports; two fifty's and a frigate will this day come out of dock, as convoy to the above."

PHILADELPHIA.

A MESSAGE to the GOVERNOR from the ASSEMBLY.

May it pleaſe your HONOUR,

WE return you our Thanks for laying before us the Letter you have received from Sir Jeffery Amherſt, of the 16th of this Inſtant, with the Intelligence incloſed therein from Sir William Johnſon, reſpecting the bad Intentions of the Savages againſt our Frontiers. For this Intelligence we are likewiſe obliged to his Excellency; but, at the ſame time, we are greatly at a Loſs how to underſtand the Meaning or Deſign of that Part of his Letter, wherein he expreſſes his "Surprize at the Infatuation of "the People of this Province, who (he alledges) tamely look on "while their Brethren are butchered by the Savages, when, with-"out Doubt, it is in their Power, by exerting a proper Spirit, not "only to protect the Settlements, but to puniſh any Indians that "are hardy enough to diſturb them?" Can it be poſſible that the General is at this Day unacquainted with the vigorous Meaſures which this Government has purſued, much beyond any of the reſt of the Colonies, for the Protection and Defence of their long extended Frontier?

Your Honour well knows, that on the 11th of June laſt, before you had received any Advices from the General, you convened the Provincial Commiſſioners, who chearfully agreed to raiſe 100 Men for the Reinforcement of Fort-Auguſta, a Garriſon on Saſquehannah, then but weakly manned, and a Poſt of great Importance to the Provincial Defence.

On the 4th of July the Aſſembly met, on your Summons; you then laid before them the Neceſſity of an additional Number of Men to repel the ſavage Attempts of thoſe Barbarians, in Purſuance of a Letter from the General, which you alſo communicated to them; when, with equal Chearfulneſs and Expedition, they granted the additional Number of 700 Men, and paſſed a Law for furniſhing Carriages for the Tranſportation of Proviſions for the Uſe of the Troops deſtined for the Weſtern Communication. The Troops ſo granted were accordingly raiſed with the utmoſt Expedition; and they have been, as we are informed, placed at proper Stations on the Frontiers under your Command, and active, ever ſince, in the Protection thereof, and that with more Vigour and Spirit than was known or experienced the whole late War. Several Parties of the Indians have been intercepted and repulſed, and the Inhabitants, in a great Meaſure, preſerved from the intended Maſſacres; and a large Body of them are now engaged in an Expedition againſt the Great Iſland, which has heretofore ſerved as a Station, from whence the Savages uſually iſſue, for the Annoyance of our Settlements.

As theſe Things are Facts, we cannot help, in our Turn, being much ſurprized at the Cenſure contained in his Excellency's Letter; by which it is evidently intimated that the good People of this Province are utterly regardleſs of the Diſtreſſes of their Fellow Subjects, and tamely look on while they are butchered by the Savages. A hard Cenſure this! But for what Part of the Government it was intended, is not clear from the Letter---If intended for your Honour, we have reaſon to believe you have done every Thing, as Commander in Chief of the Forces, that could be expected---If for this Part of the Legiſlature, the large Number of Men in the Pay of this Government, at a Time when the Province is loaded with a Debt extremely burthenſome, occaſioned by their late generous and large Aids granted to the Crown, for the Protection of the Colonies, during the late War, will evidently ſhow it is without Foundation---And if for the poor People on our Frontiers, their preſent diſtreſſed Situation, and the uncommon martial Spirit and Reſolution, ſo manifeſt among them ever ſince the late Indian Incurſions, ought at leaſt to have excuſed them from it.

But the General is of Opinion, "it is in our Power, by exert-"ing a proper Spirit, not only to protect the Settlements, but to "puniſh any Indians that are hardy enough to diſturb them." Would he give himſelf the Liberty of one Moment's Reflection on our Circumſtances, muſt he not ſee the Injuſtice, as well as Impracticability of our defending a Frontier near 300 Miles in Length, which covers and protects, in a great Meaſure, thoſe of Maryland and New-Jerſey, without the leaſt Contribution or Aid from either of thoſe Colonies? Is it reaſonable that this Province, already heavily loaded with Debt, ſhould be at the ſole Expence of defending not only her own Frontier, but a great Part of thoſe of her neighbouring Colonies? And is it not evidently impoſſible that this young Colony, againſt which the Indian Force has been principally aimed, ſhould alone, without the Aſſiſtance of the reſt of the Provinces, defend a Frontier ſo extenſive, againſt all the lurking and perfidious Parties of ſo powerful a Confederacy as is mentioned in the General's Intelligence?

You, Sir, are well acquainted with the Circumſtances of the Province, and its preſent Diſtreſs; and therefore we preſume you readily ſee how vain the Expectation muſt prove, that any one particular Colony can defend itſelf againſt the united Power of ſo many confederated Nations.

October 22, 1763. ISAAC NORRIS, Speaker.

By the Honourable

JAMES HAMILTON, Eſq;

Lieutenant-Governor and Commander in Chief of the Province of Pennſylvania, and Counties of New-Caſtle, Kent and Suſſex, on Delaware,

A PROCLAMATION.

WHEREAS Information hath been made to me, not only that divers Attempts have of late been made to rob, but that ſeveral Robberies have been actually committed on His Majeſty's Subjects, travelling on the Highways, near the City of Philadelphia, by Perſons unknown, to the great Terror and Annoyance of the ſaid Subjects, coming to and returning from the ſaid City: And whereas it is of great Importance that a Stop ſhould, as ſoon as poſſible, be put, in this young Colony, to Crimes of ſo evil and pernicious a Nature, and the Authors and Perpetrators thereof brought to condign and exemplary Puniſhment; I have therefore thought fit, with the Advice of the Council, to iſſue this Proclamation, hereby offering a Reward of Fifty Pounds to any Perſon or Perſons, who ſhall make known, and cauſe to be apprehended, all or any of the Perſons, who were concerned as Authors, Perpetrators or Accomplices, in any of the aforeſaid Robberies, or Attempts to rob, on the ſaid Highways, ſince the firſt Day of October inſtant, ſo that he or they ſhall be convicted thereof, according to due Courſe of Law. And I do hereby ſtrictly charge and command all Magiſtrates, Sheriffs, and other Officers whatſoever within this Government, to uſe their utmoſt Care and Diligence in detecting and apprehending the ſaid Offenders, that they may be brought to Juſtice.

Given under my Hand, and the Great Seal of the ſaid Province, at Philadelphia, the Twenty-ſecond Day of October, in the Year of our Lord One Thouſand Seven Hundred and Sixty-three, and in the third Year of His Majeſty's Reign.

JAMES HAMILTON.

By his Honour's Command,

JOSEPH SHIPPEN, jun. Secretary.

GOD Save the KING.

From Halifax there is Advice that Lord Colville is arrived there in 40 Days from England; and that it was reported that three large French Store Ships were gone up the River St. Lawrence, ſuppoſed to ſupply the Indians, &c. with Neceſſaries for carrying on another War, which, it was feared, would ſoon break out.

With Captain Budden came Paſſengers the Honourable JOHN and RICHARD PENN, Eſquires; the Firſt appointed Governor of this Province. And on Monday laſt his Commiſſion was read at the Court-Houſe, in the Preſence of a great Number of People.

By the Honourable

JOHN PENN, Esq;

Lieutenant-Governor and Commander in Chief of the Province of Pennsylvania, and Counties of New-Castle, Kent and Sussex, upon Delaware,

A PROCLAMATION.

WHEREAS the Honourable THOMAS PENN and RICHARD PENN, Esquires, true and absolute Proprietaries and Governors in Chief of the Province of Pennsylvania, and Counties of New-Castle, Kent and Sussex, on Delaware, have been pleased, by their Commission, under their Hands and Seals, bearing Date the Eighteenth Day of June last, to constitute and appoint me to be their Lieutenant-Governor of the said Province and Counties, with all necessary Powers and Authority for the well governing of the same; which said Appointment the King's most excellent Majesty, in a Council held at St. James's, the Thirty-first Day of August last past, was graciously pleased to allow and approve of: Therefore, in Pursuance of the said Trust in me reposed, having a special Regard to the Safety of the State, and Government of the said Province and Counties, and to prevent Failures in the Administration of Justice therein, I have, by and with the Advice and Consent of the Council of the said Province and Counties, thought fit to ordain, and do hereby ordain and declare, that all Orders and Commissions whatsoever, relating to the Government of the said Province and Counties, heretofore lawfully and rightfully issued, which were in Force on the Thirty-first Day of October last, shall be, continue and remain in full Force, Power and Virtue, according to their respective Tenors, until my further Pleasure shall be known therein; and that all Persons whatsoever, who, on the Thirty-first Day of October last, held or enjoyed any Office of Trust or Profit in this Government, by Virtue of any such Commission as aforesaid, shall continue to hold and enjoy the same, until they shall be determined by me as aforesaid, or by other sufficient Authority. And I do hereby further command and require all Magistrates, Officers and Commissioners whatsoever, in whom any public Trust is reposed in the Government of the said Province and Counties, that they diligently proceed in the Performance and Discharge of their respective Duties therein, for the Safety, Peace, and Well-being of the same.

Given under my Hand, and the Great Seal of this Province, at Philadelphia, the First Day of November, in the Fourth Year of the Reign of our Sovereign Lord GEORGE the Third, King of Great-Britain, France and Ireland, Defender of the Faith, &c. and in the Year of our Lord One Thousand Seven Hundred and Sixty-three.

JOHN PENN.

By his Honour's Command,
JOSEPH SHIPPEN, jun. Secretary.

GOD Save the KING.

Since our last there is Advice from Ligonier, that a Convoy with Provisions was safe arrived there from Bedford, in their Way to Pittsburgh, where, we hear, they were all well, having then met with no Disturbance from the Indians.---Near Bedford five Indians have been lately seen, but we do not learn that they had done any Mischief.

The Captains Barron and Watt, from Virginia, and Capt. Webb from New-London, are arrived in Antigua, in Distress, having met with a violent Storm; in which Capt. On Sunday last, about a Quarter after Four in the Afternoon, we had a smart Shock of an Earthquake here, which so alarmed the Congregations of most of the Places of Worship in Town, that the Service was immediately broke up; but happily no Damage ensued.---The following Lines were sent us on the Occasion.

Heav'n oft before the fatal Bolt is hurl'd,
Gives timely Notice to an erring World;
Some lesser Woes are Harbingers of great:
O! Sinners! hear and dread approaching Fate!
While harmless Thunders, and while gentle Shocks
Still at thy Door for Reformation knocks,
Rouse from thy stupid Lethargy of Sin,
Turn penitent, and own thy God within!
Or be assur'd that the incensed Pow'r
Will overtake thee in an evil Hour. J. F.

MESSINA, July 12.

DON Joſeph Martinez, Commodore of a ſquadron of Neapolitan xebecks, brought into this port a galley of Tripoly, which had been out only fifteen days at ſea. As ſoon as ſhe was taken, the commander of her, tho' dangerouſly wounded, killed a gunner who came to take poſſeſſion. On which he was cut to pieces by the Neapolitans. The crew conſiſted of 83 Moors, 16 of whom were dangerouſly wounded.

Madrid, Aug. 16. By letters from Lieutenant-general D. Pedro Cevallos, commandant of the place and colony of St. Sacrament, advice has been received at Cadiz, that eleven ſail of ſhips, Engliſh and Portugueſe, had entered the river of that name, and had made ſeveral attempts to attack the place on the ſide of the harbour, and that if they could not ſucceed, they propoſed to go to Buenos Ayres, or Monterides, or Maldonado: That the commandant of St. Sacrament formed his troops into ſeveral diviſions, that he might be prepared in all quarters; that on the 6th of January the eleven veſſels, under favour of the wind and tide, advanced to the place; that two Engliſh ſhips, one carrying 64 guns, the other 40, and a Portugueſe ſhip of 60, which were already within cannon-ſhot, ſtood in for the harbour, in order to land the troops they had on board, and began a very ſmart fire; which was returned by one as ſmart, for the fortifications had been repaired, and the number of guns conſiderably augmented. After a cannonade of four hours, the three ſhips were obliged to ſheer off, after being roughly handled, both in their hulls and rigging, and loſing a vaſt many men. Of 500, who were on board one of the three, only two ſeamen were ſaved in a bark, and about 80 others by ſwimming aſhore. Theſe the Governor treated with great humanity, ſupplying the common ſailors, as well as the officers, with cloaths, proviſions, and money.

LONDON, Auguſt 26.

Several old men of war are hulked and laid up at Chatham and Sheerneſs, which form a kind of little garriſon by itſelf, and are divided into a number of commodious apartments for the reſidence of the poor widows and families of ſeamen, who have periſhed by the late war in the ſervice of their country.

All the Engliſh ſeamen, who were made priſoners in the ſiege of the iſland of Cuba, arrived laſt Monday fortnight in a moſt lamentable condition, with many heavy complaints of cruelty, &c. being eaten up with the ſcurvy.

Extract of a letter from Vienna, Auguſt 7.

"People talk ſo differently concerning the frequent diſpatches which the Court receives from Mr. Penckler, our Internuncio at Conſtantinople, that we know not whom to believe: A few days ago we were aſſured that the truce with the Grand Signior had been renewed for ten years; but according to what is ſaid by perſons who have the beſt opportunities of being informed, this negotiation ſtill encounters many difficulties. Had the Grand Viſir continued in that office, which he was ſtill in poſſeſſion of laſt month, we have no reaſon to doubt but that our buſineſs would ere now have been happily ended; but as the Viſir is to be replaced by another, this change will poſſibly raiſe new obſtacles, and protract the affair for a great while. It is very plain that the Court is apprehenſive of this conſequence, for troops continue to file off towards the frontiers of Hungary, and even magazines are forming for their ſubſiſtance."

Auguſt 30. During the late war in Germany, the merchants and monied men at Breſlau, Berlin, Magdeburgh, Stettin, in the Pruſſian dominions, and alſo ſome of the moſt opulent people in Saxony, put their money in the Britiſh funds, foreſeeing they ſhould not be able to employ it to advantage in trade: But no ſooner was the King of Pruſſia ſure of making peace on his own terms, than he gave notice of it ſecretly to his ſubjects concerned in our funds, who thereupon ſold out; and this partly accounts for the fall of our ſtocks ſince the peace. The Dutch not having been let into the ſecret in time, have ſuffered by it, and this accounts for the late failures in Holland.

On Tueſday at noon came to the Bank of England, from the Havannah, four waggons laden with money, amongſt which were ſeveral cheſts of gold; a great quantity more is daily expected.

The laſt letters from Corſica adviſe, that the Republic's troops were very quiet at Baſtia, and that the rebels have ſent to ſea four privateers.

Auguſt 31. They write from Paris of the 2d inſt. that a courier from Corunna was arrived there with the news of the ſafe arrival of the Mexico fleet at Cadiz, on the 30th of June. It conſiſted of four men of war, and three merchantmen, and left Vera Cruz on the 20th of May, and brings in gold, ſilver, cochineal, ſugar, and indigo, about 73,830,000 livres (3,230,062 l. ſterling) to which may be added, the value of two millions (87,500 l. ſterling) that is ſmuggled. About a fourth of this belongs to the merchants of France.

Sept. 2. Yeſterday there was a very thin Court at St. James's, and none of the old Miniſtry were preſent.

Sept. 5. They write from Genoa, that ſome Corſican veſſels having lately inſulted the flag of France, a French frigate and 2 xebeques were ſent to the Gulph of St. Florent, in order to burn a felucca belonging to General Paoli. Four hundred Frenchmen landed for this purpoſe; but juſt as they were going to ſet fire to the veſſel, a good number of the Corſicans fell upon them, killed about forty men, and forced the reſt to re-embark in great haſte.

Sept. 7. The following letter, dated Auguſt 4, was ſent by the Bankers at Hamburgh to the Bankers of Amſterdam.

"Gentlemen,

"This morning at eleven, when we were met to conſider of the methods to be taken to aſſiſt the houſes at this place that are tottering, we received a fatal expreſs with the terrible news, that you the Gentlemen of Amſterdam would leave the Neufvilles to ſink; by which we were all thunder-ſtruck; never dreaming that ſo many men in their ſenſes in your city could take ſuch a ſtep; a ſtep which will infallibly plunge all Europe in an abyſs of diſtreſs, if not remedied by you whilſt it is ſtill time. We therefore ſend you this circular and general letter by an expreſs, to exhort and conjure you, as ſoon as you receive it, to undertake ſtill to ſupport the Neufvilles, by furniſhing what money they want, and giving them two or three perſons of unqueſtionable probity and ſkill for curators, that their affairs and their engagements may be concluded and terminated, without cauſing a general ruin, which will otherwiſe infallibly happen.

"If you do this, Gentlemen, and will, for anſwer, give us, by an expreſs, your word of honour for it, ſigned by all the Matadors in your city, we promiſe that, in that caſe, we will not loſe a moment to eſpouſe the cauſe of, and ſupport the houſes here that are tottering.

"If you do it not, Gentlemen, we hereby declare to you, that our reſolution is taken; that is to ſay, that although we repreſent a very reſpectable body of rich and ſubſtantial men, we have unanimouſly reſolved to ſuſpend our own payments as long as we ſhall judge it proper and neceſſary; and that we will not acquit either the counter proteſts that ſhall come from you, or any thing whatever.

"This is the reſolution which we have unanimouſly taken; and from which we will not depart, happen what will. The fate of the general commerce of all Europe is, at preſent, abſolutely in your hands: Determine, Gentlemen, whether you ſhould cruſh it totally, or ſupport it. You are all too intelligent, not to perceive that by letting the whole machine fall to pieces, you will ſuffer heavy loſſes in all parts, which you may prevent to yourſelves, and to a thouſand others, by aſſiſting the Neufvilles to pay and wind up their affairs. Let us have your final reſolution ſpeedily by expreſs; for till that time all will remain in ſuſpence here, and none of us will pay one penny of the bills we have accepted, till we know what you will do. Mean while we have the honour to be," &c.

The Rev. Mr. Entick, Mr. Beardmore and his clerk, and Meſſ. Wilſon and Fell, have, in purſuance of the notice they ſome time ſince gave, commenced their actions againſt Lord Halifax, and the Meſſengers, for falſe impriſonment.

Copy of a letter from Mr. Stackhouſe, firſt lieutenant on board the Lord Clive privateer, to his friends in London.

"You will by this time, I doubt not, be anxious to know the ſucceſs of our expedition; and I wiſh I could have given you a more ſatisfactory account. We met with nothing very particular on our paſſage out; we were very healthy, and in December 1762, got into the River of Plate, which we found much better prepared for war than we expected. However, having traverſed the River pretty much, we on the 6th of January, aſſiſted by the Ambuſcade our conſort, and a Portugueſe ſhip of 40 guns, made an attack with the ſhips on the Colony of the Sacrament, by ſome called Nova Colonia, lately taken by the Spaniards from the Portugueſe. It was by ſeveral looked upon as a deſperate attempt; but we knew our men well, that they could be depended on, and conqueſt or death was their general voice.

"The action began about eleven o'clock from the forts, and in half an hour after the fire was returned by the ſhips, and continued very warm on both ſides till paſt three in the afternoon, when our ſhip was, by ſome unknown accident, found to be dangerouſly on fire. We uſed our utmoſt endeavours to extinguiſh it; but in a quarter of an hour we were reduced to the neceſſity of chuſing either to burn or drown. Some ſhared the former fate, but moſt choſe the latter; which was my choice. Accordingly, I undreſt myſelf, and with as much compoſure as ever I knew, deſcended by a rope into the water. By this time none could remain on board untouched by the flames: I nevertheleſs kept faſt to the rope, expecting every moment the ſhip to blow up, while numbers were drowning on every ſide of me, and calling on me for help; and God knows how much I ſtood in need of help myſelf; and when I leaſt expected it, he moſt miraculouſly came to my aid; for, after being 4 hours in this melancholy ſituation, during which time death had ſwallowed up the moſt of us, our gib-boom and ſpritſail top-ſail-yard, with the ſprit-ſail-yard, dropt cloſe by me, the rigging about them being burnt. Weary as I was, and no ſwimmer, yet I was not long e'er I gained their friendly aid, and with about twenty of the ſurvivors, we did our utmoſt to get this raft clear of the ſhip, which we accompliſhed juſt time enough to avoid the exploſion of the ſhip's blowing up; and about ten at night were taken up by a Spaniſh boat, which carried us on ſhore.

"The other ſhips, on diſcovering our accident, declined the attack, and made the beſt retreat they could.

"Out of our complement of men on board at the attack, conſiſting of 350, only 78 ſaved their lives. Capt. M'Namara was one of the unfortunate that periſhed. We have been here treated with the greateſt humanity it is poſſible to expreſs. Not any of us ſaved a rag to our backs; and we have not only been decently cloathed, but treated with the greateſt friendſhip and civility; they have not ſo much as left us a want unſatisfied that we can with any reaſon expect to be complied with. As to our ſtay in this country, I believe we muſt wait for orders from Europe: I therefore do not flatter myſelf with the hope of ſeeing you, or any of my London friends ſoon; but ſhould be glad to hear from you. Letters ſent by the way of Holland to Cadiz, directed for me at Buenos Ayres, will, if they concern not ſtate affairs, moſt probably come ſafe."

Sept. 10. Great preparations are making at St. James's for the baptizing the young Prince, which for certain will be next Wedneſday; and the ceremony is to be performed by the Archbiſhop of Canterbury, and her Majeſty is to be churched at the Chapel-royal the ſame day.

We are informed that a very ſtrict enquiry will be made in the next ſeſſion of Parliament, with regard to a late diſcovery that greatly affects the nation.

The King of Denmark has alſo been indiſpoſed, and kept his chamber for ſome days, but was thought to be better by the laſt accounts.

Baron Schimmelman, who was ſent out from Hamburgh to viſit Holland and ſome other countries, returned back in haſte on receiving the news of the bankruptcies in that city.

We hear that Sir Jeffery Amherſt is ſoon expected in England from North America, having had leave to return for the recovery of his health, which is greatly impaired by the inceſſant fatigues he has undergone during the war.

So great is the folly of the preſent age for French cloaths, that there is now not only a French mercer in London, with a very great variety of rich gold and ſilver brocaded patterns, but likewiſe a Pariſian taylor, to take orders, and make them at Paris, and ſend them over before the Queen's birth-day.

They write from France, that it is certainly true, that all the negroe ſlaves are to be ſent back to the Weſt Indies. The reaſon aſſigned for it is, that a Lady of high rank was lately delivered of a mulattoe that was quite frightful.

BOSTON, October 24.

We hear that a French frigate having got on the Fiſhing-banks at Newfoundland, was ordered off to her proper limits by an Engliſh one, and upon refuſal an engagement enſued, when the Engliſh frigate obliged the other to ſubmit, and proceed home to England, to have the affair decided. PHILADELPHIA, November 10.

To the Honourable

JOHN PENN, Eſq;

Lieutenant-Governor of the Province of Pennſylvania, and Counties of New-Caſtle, Kent and Suſſex, on Delaware,

The humble ADDRESS of the MAYOR and COMMONALTY of the City of Philadelphia.

May it pleaſe your HONOUR,

THE Mayor and Commonalty of the City of Philadelphia, beg Leave to congratulate your Honour on your Appointment to the Government of this Province, and ſafe Arrival in it.

When we reflect on the many Virtues of your worthy Anceſtor, our firſt Proprietor and Governor, under whoſe forming Hand this City and Province were ſettled, and to whoſe Wiſdom their Growth and preſent flouriſhing State are in a great Meaſure owing, we are impreſſed with the higheſt Veneration for his Memory. Permit us, Sir, to aſſure you, that we with Pleaſure behold the Adminiſtration of this Government committed to a Gentleman deſcended from one ſo dear to us, and we doubt not but you will imitate his great Example, by conſidering your own Intereſt and Happineſs as inſeparably connected with the People over whom you preſide. Warmed with the pleaſing Review of Virtues ſo amiable and beneficial to this Colony, we cannot (conſiſtent with a due Regard to Merit) forbear expreſſing the higheſt Eſteem and Affection for our late worthy Governor, Mr. HAMILTON: Common Juſtice calls upon us to acknowledge, that he filled that Station with Credit and Honour; and we are perſuaded, that his whole Conduct hath been influenced by a ſincere Attachment to the Public Good.

As nothing can be more acceptable to a good and generous Mind, than that Virtue ſhould receive the juſt Tribute of Praiſe, we need not apologize to your Honour for taking this public Occaſion of manifeſting our Gratitude to your Predeceſſor.

We firmly rely on your Favour, in protecting the Corporation of this City in the Enjoyment of all the Rights and Privileges granted them by Charter; and ſincerely wiſh, that your Adminiſtration may be attended with Satisfaction to yourſelf, and laſting Advantages to the Public.

Philadelphia, Nov. 7. 1763. THOMAS WILLING, Mayor.

To which his HONOUR was pleaſed to make the following

ANSWER.

GENTLEMEN,

I RETURN you my hearty Thanks for this kind and obliging Addreſs, and in a particular Manner for your good Wiſhes for me, and the Affection you expreſs for my Family.

My Predeceſſor, Mr. HAMILTON, juſtly deſerves the Character you have given him; and nothing can be more agreeable to me than this Teſtimony of your Gratitude to him.

The Corporation of this City may reſt aſſured, that I will do every Thing in my Power to protect them in the Enjoyment of all their juſt Rights and Privileges.

To the Honourable

JOHN PENN, Eſq;

Lieutenant-Governor and Commander in Chief of the Province of Pennſylvania, and Counties of New-Caſtle, Kent, and Suſſex, on Delaware,

The ADDRESS of the RECTOR, MINISTERS, CHURCH WARDENS, and VESTRYMEN of the United Congregations of Chriſt-Church and St. Peter's, in the City of Philadelphia.

May it pleaſe your HONOUR,

WE the Rector, Miniſters, Church Wardens and Veſtry of the united Churches of Chriſt Church and St. Peter's, in this City, beg Leave to offer our hearty Congratulations upon your Arrival to the Government of this Province.

Amongſt the many Objects that call for the Care and Protection of that Authority with which you are inveſted, the Intereſts of Religion and Virtue merit a principal Place; and few temporal Bleſſings can that State expect to receive, where GOD is not publickly honoured, and the Goſpel of the bleſſed JESUS countenanced and revered; we truſt therefore that you will be the happy Inſtrument, in the Hands of Heaven, of recommending and enforcing, by your Influence and Example, the Practice of true Religion and Virtue among us.

It is with Pleaſure we embrace this Opportunity of ſincerely and thankfully acknowledging the many Obligations we are under to that honourable and benevolent Family whoſe Name you bear, and to which you ſtand ſo nearly allied. The large Benefaction which the Members of theſe united Churches have received from them, we hope will ever be remembered with the warmeſt Gratitude.

To your kind Patronage and Protection, as our Governor, and as a Member of the Church of England, we humbly recommend the Churches under our Care; ſincerely imploring the divine Bleſſing upon your Adminiſtration, by which alone it can become a Comfort to yourſelf, and a Happineſs to thoſe over whom you are appointed to preſide.

Signed, by Order of Veſtry,

Nov. 9, 1763. RICHARD PETERS, Rector.

To which the GOVERNOR was pleaſed to make the following

ANSWER.

GENTLEMEN,

I THANK you for your kind Congratulations on my Arrival. I can ſincerely aſſure you, that the eſtabliſhed Church will find in me a hearty Readineſs to promote their Proſperity, and to do them every good Office in my Power.

The Proprietaries cannot but be pleaſed with your warm Expreſſions of Gratitude, which I ſhall not fail to communicate to them by the firſt Opportunity."

We are deſired to publiſh what follows, as being a more authentic Account of the Damage done by the Indians in Northampton County, on the Eighth of laſt Month, than what was inſerted in the Gazette of the 13th, viz.

"That on the 8th of October, betwixt Day-break and Sunriſe, the Indians attacked the Houſe of John Stenton, when eight Perſons (inſtead of three mentioned) were killed and wounded, ſeven of which were ſhot, ſome dead, and the others died ſoon after of their Wounds, in the greateſt Agony; the Eighth likely to do well: That after they went from Stenton's, they plundered the Houſe of James Allen, a little Way from thence; they then attacked the Houſe of Andrew Hazlet, about Half a Mile from ſaid Allen's, where they ſhot one Man dead, and ſcalped him; upon which Hazlet got his Gun, and attempted to fire at the Enemy, but it miſſing Fire, he was ſhot himſelf by them; whereupon his Wife, being at ſome Diſtance, and ſeeing what had happened, ran off with two of her Children, but was inſtantly purſued by the Indians, who overtook and tomahawked her, and them, in a moſt barbarous Manner; notwithſtanding which, ſhe and one of the Children lived four Days in the moſt exquiſite Pain, and the other Child it is thought will recover; after which they plundered Hazlet's Houſe: And that about a Quarter of a Mile's Diſtance from thence, they, as was ſuppoſed, plundered the Houſe of one Crocher, and then burnt it down."

By a Letter from Carliſle, of the 31ſt ult. we learn that all was then quiet on the Frontiers, but that they were apprehenſive of another Viſit from the Indians before the Winter ſets in.

We have Advices from Pittſburgh, of the 26th of October, when all was well there, and the Convoy mentioned in our laſt to be at Ligonier for that Place, was ſafe arrived.

Extract of a Letter from Stanton, in Virginia, dated Oct. 18.

"I ſend you the Particulars of an Engagement with the Indians

which happened on the Third Instant. It was with a Party of the Enemy that passed by the Frontiers of this Colony in June last as Friends, who had a Pass, and English Colours; but on their Return homeward, they met with a Number of our Militia on Jackson's River, about 80 Miles from this Place, and killed 15 of them, 13 of which were scalped.---On receiving this News 100 of us immediately started after them, and pursued till we came to Fort Dinwiddie, where we were joined by 50 more, and got Intelligence of the Enemy. We marched three Days after them on their Tracks, thro' very bad Roads, till we came to the Head of Potowmack, and discovered their Camp unperceived, when we killed and scalped six of them on the Spot, and wounded about twenty more, or upwards, as could be seen by the Blood on so many different Tracks, and most of them, it was thought, mortally, from the Quantities of Blood we saw; but it raining very hard, we could not pursue them far; however, we took fourteen Firelocks; 64 Budgets, with all their Ammunition; 26 Shot Bags; 38 Brass Kettles, full of Meat boiling; and five Horses, with all their Plunder, which sold for Two Hundred and Fifty Pounds, besides the Value of the Horses, and the poor Devils went off stark naked.---The Number of the Indians imagined to be about 80.---Of our Party we lost none, but had six wounded.---We also recovered the 13 Scalps. Captain Christie commanded the Party."

By the Person who brought the above Letter from Virginia we are informed, that about the End of September a Number of Indians came into Halifax County, where they killed one Man, and took his Wife and three Children Prisoners; but, on their Return, were observed by two of Captain Inglis's Men that were scouting, and immediately acquainted their Captain therewith; who directly pursued with 29 Men, came up with, and engaged the Enemy; retook the Prisoners; killed three of the Indians, and wounded several others, six or seven of which badly; recovered 30 Horses, and a great deal of Plunder, five Guns, and 13 Shot Pouches.---Captain Inglis generously restored to the Woman some of the Horses and Plunder, which belonged to her; and did the same to others of the Country People, who had been plundered by the Enemy; and, after all, his Men shared of the Booty Nine Pounds each. The Captain had one Man killed, and another wounded.

Containing the Freſheſt Advices, Foreign and Domeſtic.

To the Memory of Mr. JOHN BINGHAM, late Student in the College of Philadelphia.

DEATH's Iron Jav'lins thro' the Globe are hurl'd,
And fill with dire Amaze, our guilty World;
Nor blooming Vigor, Fortune, Sex nor Age,
Can ſtop the Fury of his tyrant Rage.
Perhaps To-day the Merchant counts his Gain,
And is To-morrow 'mong the Lifeleſs lain:
To-day the tender Infant's born and cries,
To-morrow (chance) reſigns his Breath and dies.
Here too we ſee a lov'd and darling Son,
Who the bright Flow'r of Life had juſt begun,
By Death is ſnatch'd from his fond Parents Eyes,
And doom'd to yield his Life a Sacrifice.
Ah! what avails thee now thy boaſted Pow'r,
Thou poor Dependant on a bounteous Hour!
Scarce haſt thou breath'd, yet muſt to Earth return,
And lifeleſs lie within a dreary Urn.
Farewel ye murm'ring Brooks, and ſhady Bow'rs,
Ye verdant Meads, and all ye od'rous Flow'rs;
Ye ſprightly Birds, Muſicians of the Air,
Ye are no longer Objects of my Care.
BINGHAM is dead!----the youthful Bingham's Praiſe
Calls for this Tribute from my feeble Lays.
Ah! lov'd Companion, whither haſt thou gone?
And wilt thou ne'er, my hapleſs Friend, return?
Am I then doom'd in vain to mourn thy Stay,
And paſs, in fruitleſs Tears, the tedious Day?
But why thus ſad! why all thoſe Doubts and Fears!
Diſpel that down-caſt Look; wipe off thoſe Tears.
Borne on ſeraphic Wings, his Soul has fled,
The Heav'n of Heav'ns, with CHRIST his GOD to tread.
Mount then my Soul, on Fancy's Wing mount high;
Quickly to Realms of brighteſt Glory fly.
Methinks I ſee him with a heav'nly Train,
Triumphant riding o'er the azure Plain.
No more ſhall fleeting Scenes afford him Joy,
Nor tranſient Honors more his Thoughts employ;
But loſt in rapt'rous Extaſy and Love,
He'll dwell for ever with his GOD above.

BERLIN, Auguſt 16.

THE fatal Conſequences of the great Bankruptcies which have happened at Amſterdam, have been felt here. The Eyes of every Body are now fixed upon the Sieur Gouſkofſky, who, on account of his very extenſive Commerce, muſt, if he falls, draw many along with him. The King is taking the utmoſt Pains to ſave him, and on this Account his Majeſty has directed Meſſieurs Schikler and Schutz, two eminent Bankers of this City, to inſpect his Books, which they have been three Days about, and made their Report Yeſterday; the Event of which the Publick is very impatient to know. What adds to the Calamity of the preſent Criſis is, that many private People, in order to ſecure their Money, uſed to lodge it in the Hands of the eminent Merchants, many of whom are now on the Brink of Ruin: But it is the general Opinion, that if the Sieur Gouſkofſky ſtands his Ground, many others will be enabled to do the ſame.

We learn from Magdebourg, that Mr. Bachman, an eminent Merchant there, for whom every Body was under great Apprehenſions, has made up his affairs in a very ſatisfactory Manner. Some of our Bankers have determined to ſend Sums of Money into Holland, in order to have a Fund there to ſupport their Credit.

The Fate of the Hamburghers is ſtill more deplorable. Meſſ. Ephraim and Itzig, very eminent Jew Merchants here, in order to ſupport ſome of them, ſent the Day before Yeſterday, under a ſtrong Guard, 3,000,000 of Crowns.

Hamburgh, Auguſt 19. Moſt of the Merchants who have declared themſelves inſolvent, have petitioned the Senate to ſpare them the mortifying Circumſtance of having Aſſignees appointed for the Management of their Affairs, as is uſual on ſuch Occaſions; but it is not yet known whether this will be agreed to. It is to be feared that ſome Merchants muſt have concealed conſiderable Sums, with a View of living in Opulence hereafter, as without ſomething of this Kind the Bankruptcies could not have been ſo general, nor ſo important.

Paris, Aug. 26. It is ſaid that a Reſolution has been taken to ſend all the Negroes out of the Kingdom, ſince they increaſe in ſuch a Manner, that there are at this Time upwards of a thouſand Negroes and Mulattoes in the Foundling Hoſpital in this Capital. The Nobility have Orders to give in an Account of thoſe which are in their Service.

Upwards of 60 Ships, laden with Sugar, have arrived in our Ports within theſe few Days, which muſt conſiderably reduce the Price of that Commodity, which has been exceſſive dear during the War.

WILLIAMSBURGH, October 21.

Extract of a Letter from Colonel Andrew Lewis to his Honour the Preſident, dated Oct. 10, 1763.

"In my Letter to your Honour, dated the 3d of this Month, I mentioned the ordering out a Party of 150 Men in Queſt of the Indians that defeated the Captains Moffat and Philips. Our Men followed them to the Head of the South Fork of Potowmack, and, without being diſcovered, attacked them in their Camp: The Indians made but a ſlight Reſiſtance, none of them firing above two Rounds, and ſome of them ran off without taking up their Firelocks. Six of them were ſcalped in their Camp; and from the Report of the Officers in the Action, not leſs than 15 are mortally wounded, as appeared by the Streams of Blood in their Tracks. Their getting inſtantly into a large Laurel Thicket, prevented our People finding them. It is certain many of them muſt periſh, for they left all their Clothes, 100 Blankets, a Number of Shirts, above 100 Pair of Mockaſons, and even their Breech-clouts. Our People likewiſe found in their Camp Plunder of different Kinds, to the Value of 250l. which was brought off; alſo eight Firelocks, and a conſiderable Quantity of Powder and Lead.

"The Scalps of the Men killed in the Engagement with Captains Moffat and Philips were found in their Baggage. Five of our Men were wounded, but not one killed. This Party of Indians, 94 in Number, came from the Northward laſt Spring, and paſſed our Frontiers as Friends, under Pretence of going to War againſt the Cherokees; but it is more likely they went to engage them againſt us, for they have neither Scalp nor Priſoner with them, and in their Baggage ſeveral Belts of Wampum uſed on ſuch Occaſions have been found. If the Cherokees do intend Miſchief, it is probable they will defer it until they receive the Preſents intended them. I have the Pleaſure to inform your Honour that the Militia behaved with the greateſt Spirit, and are ready to go upon any Expedition againſt the Indians, even into their own Towns. The 150 Men who went upon this laſt Expedition I raiſed in one Night."

Extract of a Letter from Captain William Ingles to his Honour the Preſident, dated Fort-Hope, October 10, 1763.

"On the 12th of September, in the Morning, I was informed, by two of my Men, that they had diſcovered a Party of Indians, 23 in Number; upon which I immediately ſet out with 30 Men, and had the Fortune to fall in with them, notwithſtanding they had moved their Camp to ſome ſmall Diſtance from the Place where they were firſt diſcovered, to a more advantageous Situation; when, we have Reaſon to believe, they intended to prepare for an Attack on ſome Place or other, as they were getting ready to paint, and had ſeveral Hoops to ſtretch Scalps on. We had got within 70 or 80 Yards of their Camp before we diſcovered them, when 7 or 8 of our Men fired, but could not do any Execution, by Reaſon of the Horſes which the Indians had tied round them for a Defence. They returned the Fire very briſkly, upon which a ſmart Engagement enſued. Our Men, eager for Revenge, ran in upon them; and the Indians, being ſeized with a Panic, left us Maſters of the Field of Battle. We retook 4 Priſoners they had got on Smith's River, being the Wife of George Workman, and three of his Children; we alſo got 30 Horſes, 4 Guns, 18 Tomahawks, 2 Spears, 4 War Clubs, 22 Matchcoats, and 32 Pair of Mockaſons, with all their Paint, conjuring Utenſils, &c. ſo that I imagine ſeveral of the Scoundrels will go naked home. They had three Men killed on the Spot, and we have Reaſon to believe they had ſeveral Men badly wounded. I had one Man killed, and another wounded."

ANNAPOLIS, October 27.

We hear that a Bill has paſſed both Houſes of Aſſembly, for allowing FIFTY POUNDS for every Enemy Indian's Scalp or Priſoner taken in, or by the Inhabitants of, this Province.

NEW-YORK, November 14.

On Monday laſt departed this Life, in the Thirty-third of his Age, after a lingering Illneſs of an Aſthma, John Hawkins, Eſq; Commiſſary and Paymaſter of the Royal Artillery, in North-America: His Remains were decently interred in Trinity Church-yard the Thurſday following.

On Saturday laſt departed this Life the Reverend Mr. DAVID BOSTICK, Miniſter of the Preſbyterian Church in this City. He was a Gentleman of an amiable Temper, endowed with all the Gifts becoming his Station; a ſound and lively Preacher, a loving Huſband, and tender Parent; has left behind a diſconſolate Widow, and ſeveral ſmall Children; his Death much lamented by his Acquaintance, and doubtleſs a great Loſs to his Congregation.

An Extract of a Letter from Captain Bowers, of Hanover, dated the Sixth Day of November, at the Head Quarters, Twelve Miles above Colonel Vancamp's, on the River Delaware, on the Frontiers of the Province of New-Jerſey.

SIR,

"I arrived here with my detachment of 90 Men, by Order of his Excellency William Franklin, Eſq; &c. where I found 150 Perſons, Men, Women, and Children, who were driven to this Station by the cruel Savages of the Wilderneſs; of theſe, fifty at leaſt, lodge every Night in one ſmall Room, in a very uncomfortable and confuſed Manner; in the Morning, they throw what Beds and Covering they have out of Doors in one Heap, which, in a Sort, reſembles the Chaos before the Elements were ſeparated from one another. Theſe poor People, it ſeems (if ever they can be ſuch) are the moſt proper Objects of our Commiſeration, for they have been compelled to quit their *little all*; their Proviſions, their Corn, and in ſhort their *whole* Dependance, to be devoured and conſumed without any Hope of Security: What can ever animate a Chriſtian to unſheathe the Sword, and bathe the ſame in Blood, if the Diſtreſs of his Brethren, by Reaſon of the inhuman Cruelty of Savages, will not? And what will not the Noble and Generous deny himſelf of, that he may reſcue ſuch miſerable Innocents as are daily preſented to our View? Every Time I ſee theſe piteous Objects, and hear their Lamentations, methinks I feel ſomething within, that makes me uneaſy without Revenge. Two Indians were ſeen on this Side the River Yeſterday, by Capt. De Pue, to which he was qualified;---and what will be the final Iſſue of this troubleſome Indian Affair, is yet in the Womb of Providence.----O may God grant Repentance to his People, that his Anger may be turned away, that we periſh not.

I am, Sir, yours, &c.

LEMUEL BOWERS."

PHILADELPHIA, November 15.

To the Honourable

The ADDRESS of the RECTOR, MINISTERS, CHURCH WARDENS and VESTRYMEN, of the United Congregations of *Chriſt-Church* and *St. Peter*'s, in the City of *Philadelphia*.

SIR,

WE have received, during your Adminiſtration, ſo many Inſtances of your kind Regard for us, and the Churches under our Care, that we cannot but take this Opportunity of making you our warmeſt Acknowledgments, and of expreſſing the high Eſteem with which our Breaſts are filled towards you: An Eſteem, on which no Change of Station can have any Effect.

We take our Leave of you, Sir, with the moſt cordial Wiſhes for your future Welfare, fervently praying, that the GOD of all Goodneſs may impart unto you every Grace and Bleſſing that can render the Remainder of your Days comfortable and happy.

To which Mr. HAMILTON was pleaſed to make the following ANSWER.

GENTLEMEN,

YOU have done me a great deal of Honour in your Addreſs of this Day; more indeed than my poor Endeavours to aſſiſt you can have deſerved.

I deſire you will be pleaſed to accept of my hearty Thanks for your great Civility to me upon this Occaſion; and to aſſure yourſelves that, either in a publick or private Station, I ſhall never remit my Regards for the Good and Proſperity of the Churches under your Care, or for your own Perſons.

To the Honourable

JOHN PENN, Eſq;

Lieutenant-Governor and Commander in Chief of the Province of *Pennſylvania*, and Counties of *New-Caſtle, Kent* and *Suſſex*, on *Delaware*,

The humble ADDRESS of the VICE-PROVOST and PROFESSORS of the COLLEGE and ACADEMY of *Philadelphia*.

May it pleaſe your HONOUR,

WE the Vice-Provoſt and Profeſſors of the College and Academy of *Philadelphia*, beg Leave to aſſure you, that we are happy in this Opportunity of preſenting you with our Compliments of Felicitation, on your ſafe Arrival in this Province; and we return our hearty Thanks to the Great Preſerver of Men, that he has protected you amidſt the Perils of the Sea.

We congratulate this Province, that our late worthy Governor is ſucceeded by a Gentleman of whom we have the ſtrongeſt Hopes that, in Imitation of his honourable Anceſtors, he will always have the true Intereſt of the Province much at Heart.

We alſo congratulate every Subject of the *Britiſh* Dominion, that our King, the Father of his People, is lately become the Father of another Prince; a Pledge of the perpetual Reign of that Family, which have always diſcovered a tender Regard to the Liberties and Happineſs of every Subject.

After praying that the Great Governor of the Univerſe may bleſs your Honour, and continue to adorn you with Wiſdom, and the Spirit of Government; our next and greateſt Requeſt is, that, under your Adminiſtration, this Province may become as much diſtinguiſhed by its Increaſe in Learning, and all Kinds of uſeful Knowledge, as it is now, by its Liberty and Proſperity: And we doubt not but, warmed by the ſame Deſire, you will conſider the large and flouriſhing Seminary of Learning, under our Care, as an Object worthy of your favourable Attention. We are the more fully perſuaded of this, as we have already received many Proofs of Regard, and great Liberality, from the honourable Proprietary Family, which we ſhall always remember with the ſincereſt Gratitude.

We aſſure you, that we will contribute all in our Power to render your Adminiſtration, and the future Government of your honourable Family in this Province, laſting and happy. Our conſtant Endeavour ſhall be, to inſtruct the Youth under our Care in all Kinds of Knowledge, which may render them happy in themſelves, uſeful to Society, or acceptable to their Maker. We ſhall endeavour to form their Minds with the early Principles of Piety, Loyalty and Liberty, both civil and religious; Principles which alone can ſecure Permanence and Happineſs to any Government, which have brought the *Britiſh* Dominion to its preſent unrivalled Greatneſs, and upon which this Province in particular has increaſed and flouriſhed, in a Manner almoſt unheard of in any other Time.

Philadelphia, November 15, 1763.

To which his HONOUR was pleaſed to give the following

ANSWER.

GENTLEMEN,

I AM much obliged to you for your kind Congratulations on my ſafe Arrival in this Province, and your Readineſs to contribute to the Happineſs of my Adminiſtration.

Being very ſenſible that nothing can better advance the Intereſt and Welfare of this young Colony, than the Encouragement of Literature and uſeful Knowledge; you may be aſſured, that the well-eſtabliſhed Seminary under your Care ſhall at all Times receive my Countenance and Protection.

The following Account we have from Reading, in Berks County, viz. That on the Eighth Inſtant, in the Morning, about Day-light, the Houſe of Frantz Baily, in Albany Townſhip, was attacked by a Party of Indians, who fired ſeveral times through his Windows; upon which he got up, and fired at the Enemy, when he received a Wound in his Wriſt, and one of his Children, a Boy, was killed: That one Hagenbuch, and two of his Sons, hearing the Firing, went to his Aſſiſtance, which made the Indians go off without deſtroying the Houſe or Barn: That they next went to the Houſe of one Stapleton, but one of his Sons ſeeing them, fired off a Gun, which occaſioned their paſſing by that Houſe, and going to George Schiſler's, where they tomahawked and ſcalped his Wife, mangled her in the moſt cruel Manner, and left her in a Condition which a Regard to Decency forbids to mention; they likewiſe killed one of Schiſler's Sons, whom they ſcalped, and half roaſted; and burnt his Dwelling-houſe, Barn, and all the other Buildings: That from Schiſler's they went to Jacob Tree's, killed one Shober, and deſtroyed the Houſe and Barn: That they then plundered Daniel Smith's Houſe, and burnt it, with all his other Buildings: And that after all this, they proceeded to Philip Enos's, about three Miles from Smith's, where they made Priſoner a Lad about 13 Years of Age, who afterwards eſcaped from them.-----The Number of Indians that did this Miſchief, is ſaid not to exceed Nine, who ſpoke Engliſh, and ſome Dutch.-----The Quantity of Grain deſtroyed, is thought not leſs than 2000 Buſhels; and the Condition of the Inhabitants is moſt melancholy, there being in ſeveral Houſes not leſs than 30 or 40 Children, beſides the Men and Women, and all obliged to fly for their Lives, without being able to bring off any thing for their Support.

On Friday Night laſt a Hatter's Shop in Front-ſtreet, near the Draw-bridge, was broke open, and robbed of Hats to a conſiderable Value.

And on Monday Night a Perſon was ſtopt by a Man on the High way, betwixt Darby and Cheſter, who preſented a Piſtol to his Breaſt, and robbed him of a ſmall Matter in Money; and the ſame Perſon, before he got to Town, betwixt and the Lower Ferry, was ſtopt a ſecond time, and ordered to deliver, by another Man; but on his telling him that he had juſt before been robbed, he let him go.

The Polly, Captain Wanton, from Rhode-Iſland for the Coaſt of Africa, was ſpoke with the 7th ult. in Lat. 39, out nine Days, and all well on board.

*** In the Gazette of October 20, an Extract of a Letter from Lancaſter, dated the 13th of that Month, was inſerted, wherein it was ſaid, That the PAXTON VOLUNTIERS had returned from the Great Iſland, but met with no Indians; which, we have ſince been informed, ſhould have been the CUMBERLAND VOLUNTIERS, as none from Paxton were on that Expedition; tho' the People of that Townſhip, and others in Lancaſter County, have ſhewn a noble Spirit on other Occaſions of the like Nature.

PHILADELPHIA.

To JOHN PENN, Eſq;
Lieutenant-Governor of the Province of *Pennſylvania*, and Counties of *New-Caſile*, *Kent* and *Suſſex*, upon *Delaware*,

The ADDRESS of the People called QUAKERS, in *Philadelphia*, at their MONTHLY MEETING, held the Fourth Day of the *Eleventh Month*, 1763.

May it pleaſe the GOVERNOR,

THE grateful Eſteem we retain for the Memory of thy honourable Grandfather, whoſe Piety, Wiſdom and Benevolence rendered him a conſpicuous Ornament to religious and civil Society, hath excited our reſpectful Regard towards his Deſcendants, and a ſincere Deſire to ſee them ſettled amongſt us. Be pleaſed therefore to accept our hearty Congratulations on thy Arrival, with thy Brother, in this City, and thy Appointment to the Government of the Province.

Thy Acceſſion to this important Station, at a Time of Difficulty and Diſtreſs, unknown to our Forefathers, leads us ardently to deſire thy Mind may be influenced to ſeek for Divine Wiſdom, by the Directions of which thy Adminiſtration may be conducted to the Glory of GOD, and the Happineſs of the People.

The ineſtimable Privileges continued to our religious Society, through the Clemency and paternal Affection of our gracious King, and the Aſſurances our Brethren in *Great-Britain* have lately received of His Royal Protection therein, demand our grateful and cordial Acknowledgment, and encourage us to requeſt and expect the like Favour from thee, in our Enjoyment of the valuable Liberties granted to us by the Charter and Laws of this Province.

Deeply affected with the Calamities which, through the Permiſſion of Providence, attend our Frontier Settlements, it would rejoice us to find it in the Governor's Power to promote a Pacification with the Natives; and whether an Invitation given to ſuch of them who yet incline to remain in Friendſhip with us, to accept Protection within this Government, may not be likely to contribute thereto, we ſubmit to thy Conſideration.

The Love and Practice of Virtue, and the real Intereſt of the People being inſeparably connected, we fervently beſeech they may be the Objects of thy cloſeſt Attention, that all concerned under thee in the Execution of the Laws, encouraged by thy Example, and enjoined by thy Authority, may conſcientiouſly diſcharge their reſpective Duties for the Suppreſſion of Vice, Immorality and Profaneneſs.

The Powers of Government being thus exerted to promote the Cauſe of Religion and Virtue, a Reformation may take Place among the People, and ſome reaſonable Grounds given us to hope that the impending Judgments of the Almighty may, in Mercy, be averted.

Being conſcious of the Sincerity of our Intentions, we ſhall endeavour to demonſtrate, by a Conduct conſiſtent with our religious Profeſſion, our Loyalty to our Gracious King, our firm Regard and Friendſhip for every Branch of the Proprietary Family, and, as far as it may be in our Power, contribute to render thy Government eaſy to thyſelf, and beneficial to the People.

Signed in and on Behalf of the ſaid Meeting, by
JAMES PEMBERTON, *Clerk.*

To which the GOVERNOR was pleaſed to give the following ANSWER.

GENTLEMEN,

I AM very thankful for your kind Congratulations on my Arrival, as well as for your Expreſſions of Friendſhip and Regard to my Family.

I heartily ſympathize with the unhappy Frontier Inhabitants in their Diſtreſſes, and ſhall think myſelf happy, if any Services of mine can contribute to their Security.

You may be aſſured my beſt Endeavours ſhall not be wanting to promote the Cauſe of Virtue, and to ſuppreſs Vice and Immorality; and your Society may depend on being protected in all their civil and religious Liberties.

To the Honourable
JOHN PENN, Eſq;
Lieutenant-Governor of *Pennſylvania*, and the Territories of *New-Caſile*, *Kent* and *Suſſex*, upon *Delaware*,

The ADDRESS of the MANAGERS and TREASURER of the PENNSYLVANIA HOSPITAL.

May it pleaſe the GOVERNOR,

THE Managers and Treaſurer of the *Pennſylvania* Hoſpital chearfully embrace this Opportunity of expreſſing the Pleaſure they receive on his ſafe Arrival, and Acceſſion to the Government of this Province.

This Hoſpital, eſtabliſhed for relieving the Diſeaſes, and reſtoring the Health of the Indigent and Miſerable, under Divine Providence, through the Patronage of the Legiſlature, and the Benevolence of the Inhabitants of this Province, and divers charitable Perſons in *Great-Britain*, and other Places, from a ſmall Beginning, hath gradually become of extenſive Utility; and it is with great Satisfaction we find has obtained the Approbation and Favour of our honourable Proprietaries, confirmed by their generous Benefaction, which merits our thankful Acknowledgments.

The Harmony and Concord with which it has been hitherto conducted, and the Succeſs attending the united Endeavours of the Phyſicians and Managers, yield the pleaſing Hope it will ſtill flouriſh, and increaſe in Benefit to Mankind.

The Powers and Privileges granted by Law to the Corporation of Contributors, being found uſeful and neceſſary, and having received the Countenance and Encouragement of the Governor's Predeceſſors, we confide that a prudent and proper Exerciſe thereof, will recommend this laudable Inſtitution to his Protection and Favour.

Our ſincere Wiſhes attend the Governor, that his Adminiſtration may be conducted to his own Satisfaction, and the Happineſs of the Province.

Philadelphia, Nov. 9, 1763.

To which the GOVERNOR gave the following ANSWER.

GENTLEMEN,

I HEARTILY thank you for your kind Addreſs. It gives me a particular Pleaſure to find that the charitable and well founded Hoſpital in this Province has received ſuch general Encouragement, and that, by the prudent Care of its Phyſicians and Managers, it has become ſo very extenſive a Charity. And be aſſured, that the Duties of Humanity will ever incline me to give all the Countenance in my Power to ſo good an Inſtitution.

To the Honourable
JOHN PENN, Eſq;
Lieutenant-Governor and Commander in Chief of the Province of *Pennſylvania*, and Counties of *New-Caſile*, *Kent* and *Suſſex*, upon *Delaware*,

The humble ADDRESS of the CORPORATION for the Relief of poor and diſtreſſed *Preſbyterian Miniſters*, and for the Relief of their *Widows* and *Children*.

May it pleaſe your HONOUR,

TO accept our ſincere Congratulations on your ſafe Arrival at *Philadelphia*, and your agreeable Appointment to the Government of this Province, with the Approbation of the beſt of Kings, a Province long happy in the ineſtimable Privileges of civil and religious Liberty, which under GOD we owe in a great Meaſure to the Wiſdom and Goodneſs of your honourable Family. As it is by the Favour of our honourable Proprietaries, and the kind Recommendation of our late worthy Governor, that we are capable, as an incorporate Body, to addreſs you, we beg Leave to aſſure your Honour, that we ſtill retain a very grateful Senſe of our Obligations to them, for their Goodneſs and Liberality; and it is with Pleaſure we embrace this Opportunity of acknowledging theſe Obligations to one ſo nearly related to them, and of profeſſing our firm Reſolutions, with the utmoſt Care and Fidelity, to diſcharge the Truſt repoſed in us, and to pay all dutiful Regards to your Honour, both as our Governor, and as one of that honourable Family to which we are ſo much indebted.

Permit us, Sir, to expreſs our unfeigned Affection and untainted Loyalty to our gracious Sovereign, and the Joy we now have on the auſpicious Birth of another Prince, truſting that every Increaſe of the Royal Family will be an additional Security to our Religion and Liberty.

May the Almighty GOD, by whom Kings reign, long preſerve the Life of our gracious King, to be a Bleſſing and a Father to his People; and may your Honour long and happily adminiſter the Government to which you are now appointed, to your own Comfort and Satisfaction, and to the Benefit of all under your Adminiſtration.

Signed by Order of the Corporation, by
ROBERT CROSS, *Preſident.*

To which his HONOUR was pleaſed to give the following ANSWER.

GENTLEMEN,

I RETURN you many Thanks for this kind and affectionate Addreſs. Your Expreſſions of Loyalty to His Majeſty, and the Regard you pay to my Family, are very agreeable to me.

I have the greateſt Confidence that you will diſcharge the Truſt repoſed in you with Care and Fidelity, and ſincerely wiſh you Succeſs in your laudable Undertaking.

To the Honourable
JOHN PENN, Eſq;
Lieutenant-Governor and Commander in Chief of the Province of *Pennſylvania*, and the Counties of *New-Caſile*, *Kent* and *Suſſex*, on *Delaware*,

The humble ADDRESS of the BAPTIST CHURCH, at *Philadelphia*.

May it pleaſe your HONOUR,

WE the Miniſter, Deacons, and Members of the *Baptiſt* Church, at *Philadelphia*, beg Leave to congratulate your Honour on your ſafe Arrival to the Government of this happy Land of Plenty and ſignal Liberty---To make you a Tender of our Duty and Affection----And to expreſs our Hope of ſharing in the Clemency and Equity of your Government; Bleſſings theſe we fully enjoyed under the late worthy Governor, to whom we owe great Eſteem, and ſpecial Gratitude.

We hold ourſelves bound, for Conſcience Sake, to pray for you, Sir, as our Governor, and to ſubmit to your Authority; but the Intimations we have had of your generous Nature----your Connexion with the Family that are our Proprietaries and Benefactors----and eſpecially your being an Offſpring of the great Founder of the Colony (whoſe Memory we have in Veneration) make thoſe Duties greater Pleaſure to us.

We dare aſſure you, Sir, that nothing in our Power ſhall be wanting, which can tend to the Happineſs of your Perſon, and Proſperity of your Adminiſtration. At this Time particularly, when Numbers are barbarouſly murdered by the ſavage Indians, within the Limits of your Government------Great many reputable Families made wretched, by abandoning their All to ſave their Lives, we feel ourſelves preſſed with ſtrong Pity to importune the divine Being, that he will make you, Sir, the happy Inſtrument of redreſſing thoſe Grievances, and ſecuring the Lives, Liberties and Eſtates of the Frontier Inhabitants, with whoſe Danger and Calamities our Hearts are diſtreſſed.

Signed, in Behalf of himſelf and the Church,
Philadelphia, Nov. 11, 1763. MORGAN EDWARDS.

To which his HONOUR was pleaſed to give the following ANSWER.

GENTLEMEN,

I AM much obliged to you for your kind Congratulations on my Arrival. The Tender of Duty and Affection you make to me, and the Eſteem you expreſs for my worthy Predeceſſor, give me great Satisfaction.

I heartily ſympathize with you in the diſtreſſed Condition of the Frontier Inhabitants, and ſhall think myſelf happy in affording them all the Relief and Protection in my Power.

To the Honourable
JOHN PENN, Eſq;
Lieutenant-Governor of the Province of Pennſylvania, and Counties of New-Caſtle, Kent and Suſſex, upon Delaware,

The ADDRESS of the DIRECTORS of the LIBRARY COMPANY OF PHILADELPHIA.

May it pleaſe your HONOUR,

WE, the Directors of the Library Company of Philadelphia, beg Leave to preſent our cordial Congratulations to your Honour, on your Appointment to this Government, and on your ſafe Arrival here.

It gives us particular Pleaſure to ſee among us, in the Station of Governor, a Deſcendant of that Family which has always favoured our Inſtitution, and promoted it, by their frequent and generous Benefactions.

The Encouragements it met with in its Infancy have had good Effects. Many other Libraries, after our Example, and on our Plan, have been erected in this and the neighbouring Provinces; whereby uſeful Knowledge has been more generally diffuſed in theſe remote Corners of the World.

We therefore flatter ourſelves, that it will continue to enjoy the Favour of our honourable Proprietaries, and meet with your Honour's Countenance and Protection, during your Adminiſtration; in which we ſincerely wiſh you all Happineſs.

Signed by Order of the Board, Nov. 21, 1763.
FRANCIS HOPKINSON, *Secretary.*

To which the GOVERNOR was pleaſed to make the following ANSWER.

GENTLEMEN,

I THANK you for your congratulatory Addreſs on my Appointment to this Government; and am extremely rejoiced at the Proſperity of the Library under your Direction. You may depend that I ſhall not fail to give it my Countenance, and I make not the leaſt Doubt but the Proprietaries will continue to favour ſo uſeful an Inſtitution.

By Captain Blake, arrived at Boſton, in a ſhort Paſſage from London, we have the following Advices, viz.

M A L A G A, Auguſt 2.

THEY write from Melille, that the Emperor of Morocco has reduced all the rebels in his kingdom to ſubmiſſion, that he has put to death the principal ringleaders, and pardoned the reſt of thoſe unhappy people, who implored his clemency. That Prince, in order to ſecure the allegiance of his ſubjects for the future, has ſent a circular order into all the provinces, enjoining the Governors of them to come to him in perſon, and bring the tribute which he has demanded of their reſpective diſtricts, and ſeveral of them have already complied with his demands.

Dantzick, Auguſt 25. *It was ſaid openly in the laſt Aſſembly of the Grandees of Poland, held at Bialyſtock, that it had been reſolved to take* 40,000 *men into the pay of the Republick; but from whence theſe troops are to come, we know not. Be it as it will, the preſent ſituation of affairs, as well on the ſide of Poland, as on that of the dutchies of Lithuania and Semigallia, give room for very diſagreeable preſages, which may be juſtified in a ſhort time.*

Batavia, Jan. 20. The King of Candy, who is commonly ſtiled Emperor of Ceylon, attacked ſome time ago the ſettlements of the Company of that iſland with great fury; but having been repulſed with loſs, and the war being carried into his own country, he at length judged it expedient to make the following propoſitions to the Governor of Columbo, viz. to ſet at liberty all the Europeans that are at preſent his priſoners, and to ſend them to that city, and with them an ambaſſador, charged with full powers to conclude a ſolid and laſting peace.

Hamburgh, Sept. 9. George-Lewis, Duke of Holſtein-Gottorp, Stadtholder of Ruſſian Holſtein, Field-Marſhal of the armies of Ruſſia, Knight of the Order of St. Andrew, &c. died here the day before yeſterday, of an apoplexy, aged 44 years, five months, and three days. The eminent qualities of this Prince cauſe him to be greatly regretted. He has very ſoon followed the Dutcheſs his ſpouſe, who died but a few weeks ſince.

Francfort, Sept. 15. The Pruſſians have eſtabliſhed, in all the principal Imperial towns, the ſame lodges of inrolment which they had before the war.

Vienna, Auguſt 27. If the truce between this Court and Conſtantinople is not already ſigned, there is no doubt but it will be ſo very ſoon, there being a perfect harmony between the two Courts.

Sept. 1. A report prevails, that a noble German guard will be ſpeedily formed, which is looked upon as a preſage of the Archduke Joſeph's ſpeedy election to the dignity of King of the Romans.

Liſbon, Auguſt 20. We learn from the Bay of All Saints, that a conſpiracy has been diſcovered at Angola, which, had it ſucceeded, aimed at nothing leſs than murdering the Governor, the troops, and the principal Merchants, plundering their effects, and embarking with them for Buenos-Ayres, where the conſpirators flattered themſelves that they ſhould be received; but the plot failed by the Governor's diſcovering it in time, and cauſing 280 of the parties concerned to be taken up, the ringleaders of whom he put to death, and thereby reſtored ſafety and tranquillity to the country.

Italy, Sept. 1. Paoli, the Chief of the Corſican malecontents, has, it is ſaid, propoſed the four following points, in order to reſtore the tranquillity of that iſland: 1ſt. A general ſuſpenſion of arms. 2dly, The erection of a free Senate, compoſed of 24 national Members. 3dly, An exemption from all duties for 21 Years, in order to give the country time to recover. 4thly, That the Corſicans ſhall become the naturalized ſubjects of whatever Prince ſhall hereafter be elected, declared and acknowledged King of Corſica.

Ratiſbon, Sept. 8. Though every one wiſhes that the peace lately concluded may be of long duration, yet the preſent ſituation of affairs in Europe is ſuch as cauſes us to ſuſpect it will not continue long. The raiſing of men to complete the troops is carried on with great vigour; and although the public, in this country, is not at liberty to judge of Government meaſures, yet as the private man is moſt injured by the conſequences of the war, ſuch as circulating baſe coins, multiplicity of bankruptcies, &c. which have plunged not only the nobility, but the merchants, the burghers, and huſbandmen, into inexpreſſible diſtreſs, to ſuch a degree as to render it very difficult to reſtore them to their former luſtre; therefore it is highly neceſſary to prevent, if poſſible, a freſh war from breaking out in Germany, unleſs the deſtruction of the whole Empire be wiſhed for.

L O N D O N.

Sept. 10. The account in ſome of the papers, that Lord Holland was ſoon expected in town from France, ſeems to be premature, as an order has been lately received for all his Lordſhip's ſaddle horſes, which accordingly ſet out on Wedneſday night for Dover, in order to be embarked for Calais.

Yeſterday the baggage of the new French Ambaſſador, and alſo ſeveral of his domeſtics, was brought to Burlington-houſe in Piccadilly, which houſe is taken for his reception.

The letters to-day from Amſterdam, Hamburgh, Stockholm, &c. all agree that affairs are much better, and that it is hoped they will ſtill mend, and that public credit will be ſoon re-eſtabliſhed. The ſtocks in Holland have riſen one per cent.

The Charming Nelly, Fearon, from Virginia, is arrived at Dover.

Sept. 13. His Majeſty has been pleaſed to appoint Samuel Smith, and John Ladd, Eſqrs. to be Gentlemen of the Council for New-Jerſey.

To give employment to the many thouſands of ſoldiers lately reduced, and for the better ſettling and improving our new conqueſts in America, a ſcheme has been drawn up by the Board of Trade, which we hear will ſpeedily take place, and be made public by royal proclamation. Among the advantages offered to theſe new ſettlers by this plan, the following is part, to wit, that every Field Officer, who ſettles in theſe countries, ſhall have a grant from the Crown of 5000 acres, every Captain a grant of 3000, every Subaltern and Staff-Officer a grant of 2500, every Serjeant 100, and every private man 50.

September 15. The French King refuſed to receive the grand Deputation of the Parliament of Paris, and ordered their freſh Remonſtrances to be brought to him on the 4th inſtant, by the Firſt Preſident, and one other Preſident.

A large ſhip, full of Palatines, to the number of 200, ſome of whom are of good property, ſet ſail from Helvoetſluys the 4th inſtant for Florida.

Yeſterday, at eleven o'clock in the forenoon, his Royal Highneſs the Prince of Wales, and his Royal Highneſs the Prince his brother, who is Duke of Glouceſter, were brought from the Queen's Palace in the Park to St. James's Palace, and there ſhewn to the public thro' the windows. At twelve her Majeſty came to St. James's Palace. At a quarter after ſeven in the evening the Proceſſion, which preceded the baptiſm of the young Prince, began, and was as follows: Lady Auguſta led by Prince William; Princeſs Louiſa led by Prince Henry; Princeſs Matilda led by Prince Frederick; and Princeſs Amelia led by the Duke of Cumberland; then followed a great number of the Nobility, &c. who all went to the Great Council Chamber, where a very rich and grand canopy and bed were prepared. The ceremony of baptiſm was performed by his Grace the Archbiſhop of Canterbury, who chriſtened his Royal Highneſs by the name of FREDERICK. The ſponſors were the Duke of York, who was repreſented by the Earl of Huntingdon, the Duke of Saxe Gotha (brother to the Princeſs of Wales) repreſented by the Lord Chamberlain, and the Princeſs Amelia.

After the ceremony was over, the company, which was extremely brilliant, went into the Queen's apartments, and were entertained with caudle and cake. It was obſerved that his Royal Highneſs the Prince of Wales was placed all the while at her Majeſty's right hand.

Letters by the Holland mail, yeſterday, ſeem to give ſome favourable hopes of the mercantile part, both in Holland and Germany; ſo that we hope ſoon to ſee trade flouriſh in its uſual track.

We can aſſure the public, that there is no advice received of any battle between the Ruſſians and Poles; as ſaid in the morning papers.

Many new works and fortifications are carrying on in Portugal, under the direction of the Count de la Lippe. His Moſt Faithful Majeſty is alſo augmenting his army, and has reſolved to keep it in ſuch a condition for the future, as to be able to take the field on the ſhorteſt notice.

Sept. 17. Her Majeſty was churched on Monday laſt in her Palace by the Archbiſhop of Canterbury.

Yeſterday her Majeſty made her appearance in the drawing-room at St. James's for the firſt time ſince her lying-in, and received the compliments of the Nobility, Gentry, and foreign Miniſters, on the occaſion.

All the old twenty-gun ſhips in the navy are to be ſold or laid up, as faſt as they arrive in port, being moſtly of the old built, clumſy and heavy ſailers, and not at all calculated for the purpoſe of cruizing or ſtationed ſhips, which the new ones are principally conſtructed for, on account of their ſwiftneſs, and length of keel.

If credit may be given to the lateſt accounts from France by the way of Holland, which were received by Wedneſday's Dutch mail, the French miniſtry being ſtung to the quick by the freedom and boldneſs, and the truths contained in the remonſtrances of the Norman Parliament, the King has forbid the Members to aſſemble, or to ſtir out of Rouen; and has ordered 3000 of his troops to ſurround that city.

Theſe advices add, that the Duke de Harcourt having imprudently threatened, in the King's name, that the Members of this Parliament, who ſhould refuſe to regiſter the King's edicts and declaration, ſhould pay for their diſobedience with their heads; the Parliament, in return for the compliment, ordered this Commandant of the province to be taken into cuſtody. Harcourt did not wait the conſequence of this order, but made the beſt of his way to Paris.

The poſtſcript of another letter from Holland ſays, that there was ſuch a ferment throughout all Normandy, on account of the new money edicts, that it was to be feared, if ſome other provinces ſhould take part in their diſcontents, the conſequences might be much more dangerous than thoſe of the late war.

Letters from Hamburgh, brought by Wedneſday's mail, and dated the 6th inſt. adviſe, that the Admiralty of that place, having a great deal of money by them unemployed, have offered to lend it to the Merchants, to the amount of upwards of 100,000 l. on the ſecurity of their goods, at the eaſy rate of four per cent. per annum.

Yeſterday arrived a mail from New-York, brought by the Harriot packet-boat, Capt. Robinſon.

The letters from Genoa and Leghorn ſay, that upwards of 20 Barbary corſairs, carrying 4600 men, including 700 renegadoes, have been laying wait to intercept the Spaniſh ſhips expected from the Indies. Thoſe piratical States were never ſo enterpriſing as they ſeem to be at preſent. They have been emboldened by the diviſions among the Chriſtian Princes, who ſtill ſuffer themſelves to be moleſted by them, though the peace is become general.

A fine whole length painting of the King of France, at big as life, which that Monarch made a preſent of to the Duke of Bedford, we hear, has juſt been put up at his Grace's ſeat, at Wooburn, in Bedfordſhire.

Yeſterday there was a meeting of the Merchants, &c. trading to the Havannah ſince it was in the hands of the Engliſh, on account of ſome hardſhips ſuppoſed to have been impoſed on the trade by thoſe who had a power in the place; and a Committee was appointed to enquire into the ſame, and to carry on any proſecution that may be neceſſary. The firſt queſtion of enquiry will be, whether the Havannah, in the eye of the law, was eſteemed an iſland belonging to the Crown of Great-Britain? on which a great deal will depend, as to the duties paid on merchandize.

Sept. 20. It is with great pleaſure we inform the public, that the counterpane and curtains of the royal cradle, uſed at the chriſtening of the young Prince, the Duke of Glouceſter, on Wedneſday laſt, at St. James's, were of white ſattin, bordered with gold fringe, and enriched with needle-work, repreſenting natural flowers, in ſo lively, ſo elegant and exquiſite a taſte, both with regard to the deſign and the execution, that it was allowed, by the beſt judges, and all who had ſeen the choiceſt cabinets abroad, to be a matchleſs performance in painting, as far excelling every thing of the kind that this or any other nation had produced. It was preſented to her Majeſty by a countrywoman of our own, as a ſpecimen of the Engliſh taſte in original deſign, and a new ſpecies of painting brought by her to a degree of perfection; and met with a moſt gracious reception from their Majeſties, and the higheſt approbation of the Queen, who ordered it immediately to be applied to the purpoſe for which it was intended, in honour of the Engliſh taſte; and took great pleaſure in pointing out its peculiar excellencies, how far it exceeded all other paintings in luſtre and brilliancy of colouring; and in expreſſing how much ſhe was charmed with it, and obliged by having an opportunity given her, on ſo tender an occaſion, of ſhewing her partiality to the Engliſh; in which her Majeſty manifeſted her ſincerity, by earneſtly addreſſing herſelf to a foreign Miniſter, who ſtood near her, and ſaying, "Regard me, Sir, they can ſhew us no-"thing like this in France."

12,042 Cwt. of ſugar, 1800 Cwt. of coffee, and 1010 Cwt. of cocoa, have been entered inwards from Granada in about two months time, although that iſland was ſuppoſed to be of little value.

A gentleman of Briſtol, who has lately fixed a houſe at Granada, writes, that it is near twice as large as Barbados; the ſoil exceeding rich, produces as fine ſugar as any of our iſlands; that our new ſettlers have begun building a town on a moſt excellent ſpot, and that it bids fair for being a very flouriſhing colony in a ſhort time.

They write from Stockholm, that from the beginning to the end of the failures of the merchants in Holland and Hamburgh, above 2500 bills of exchange were returned proteſted to ſeveral trading towns in Sweden, for want of payment or non-acceptance, amounting to a very large ſum of money.

It is ſaid that all the King of Pruſſia's forces do not amount to above 80,000 effective men; but they are all picked young men; the old ones have been all diſcharged, for which purpoſe men have been raiſed at Hamburgh, Francfort, and other Hans Towns in Germany, to fill up their places.

Notice having been received, that Capt. Forbes was arrived in town, and that he came with an intention of meeting Mr. Wilkes, we hear, that to prevent a breach of the laws, a meſſage from *authority* was ſent to Capt. Forbes to depart immediately, and that, in conſequence thereof, he left London yeſterday morning.

Extract of a letter from Paris, Sept. 5.

"The affairs between the Miniſtry and the Parliaments become very ſerious. Two regiments of cavalry are ſaid to be arrived at Rouen; and it is juſt now reported that the Parliament of Toulouſe, ſo far from regiſtering the edicts and declaration, have ſent them back without reading; and that troops are alſo filing off that way."

Lord Temple and Mr. Pitt, 'tis ſaid, are gone to the ſeat of the Duke of Devonſhire, where Mr. Wilkes is expected, and from thence they are to go to the Marquis of Rockingham's, at Wentworth Caſtle, to ſpend ſome days.

We hear orders were given laſt week for preparing, with the utmoſt expedition, a number of ſmall veſſels of a particular conſtruction, which are to be ſhipped off in frames, in order to occupy the rivers St. Lawrence, Ohio, and the great lakes on the back of our ſettlements in North America.

Monday a meſſenger arrived with ſome diſpatches from the Court of France. It is rumoured our Court has demanded the money due for the maintenance of the French priſoners; and that an anſwer has been given of a very extraordinary nature.

Letters from Oſnabrug of the 1ſt inſt. ſay, it was thought there that the new-born ſon of the King of Great-Britain would be unanimouſly elected to that Biſhoprick. The election was to come on as laſt Monday.

They write from Hanover, that the Hereditary Prince of Brunſwick was expected there the 11th of this month, and that he would ſet out from thence in a few days for London.

The Prince of Holſtein-Gottorp, ſaid to have died of grief for the loſs of his Conſort, was Uncle to the late unfortunate Emperor Peter the Third.

Sept. 23. Stocks are at preſent ſo exceeding low, that we are informed a certain Right Honourable Commoner ordered laſt Tueſday 100,000 l. to be bought in.

It is ſaid every ſhip in the Royal Navy is to undergo a thorough examination as to the ſtate of her bottom, as well cruiſing ſhips as thoſe laid up; which, as it will be a laſting work, and furniſh employment for a great many hands, may, perhaps, be a means to ſtop ſo many of our ſhip carpenters from ſeeking their bread elſewhere.

It is now ſaid, that ſoon after the meeting of the Parliament, a ſcheme will be propoſed for the better keeping and regulating the ſeamen, &c. during the time of peace, and likewiſe for employing them.

P H I L A D E L P H I A, Nov. 24.

On *Monday* laſt, the Merchants of this City met at the Court Houſe, from whence they proceeded in a Body to the Governor's,---where THOMAS WILLING, Eſq; the preſent Mayor, delivered unto Him the following Addreſs, ſigned by One Hundred and Sixty-nine *of them*. To the Honourable

J O H N P E N N, Eſq;

Lieutenant-Governor, and Commander in Chief of the Province of Pennſylvania, and the Counties of New-Caſtle, Kent and Suſſex, upon Delaware,

The humble ADDRESS of the MERCHANTS and TRADERS of the City of Philadelphia.

May it pleaſe your HONOUR,

THE Merchants and Traders of the City of Philadelphia, beg Leave to expreſs their Joy upon your Appointment, and ſafe Arrival to this Government.

It is, we aſſure you, Sir, with Pleaſure we ſee the Reins of Government committed to one deſcended from that great Legiſlator, the Founder of this Province; a Founder, under whoſe wiſe and free Syſtem of Policy, the Colony has ſo remarkably flouriſhed, and her Trade become ſo extenſively uſeful to herſelf and her Mother Country: We therefore have the greateſt Reaſon to indulge ourſelves in the pleaſing Expectation, that you will zealouſly purſue the excellent Plan of your illuſtrious Anceſtor, and moſt cheerfully, upon every Occaſion, promote and encourage the commercial Intereſt of this City, upon which ſo eſſentially depends the Welfare of the Province.

We ardently hope, that your Adminiſtration will be as agreeable to yourſelf, as, we truſt, it will be happy to the

People, whose real and permanent Interest, we humbly conceive, is inseparably connected with that of your honourable Family.

Philadelphia, Nov. 21, 1763.

To which His HONOUR was pleased to answer.

GENTLEMEN,

I ACCEPT, with great Pleasure, your polite and obliging Address.

It gives me much Satisfaction to find that the Trade of this Colony is become so extensive and beneficial. You may be assured of my sincere Wishes for your Prosperity, and that, on all Occasions, my best Endeavours shall not be wanting to promote the Commerce of this flourishing City, with which I am convinced the Interest of the Province is essentially connected.

To the Honourable
JOHN PENN, Esq;
Lieutenant-Governor and Commander in Chief of the Province of *Pennsylvania*, and the Counties of *New-Castle*, *Kent*, and *Sussex*, upon *Delaware*,

The humble ADDRESS of the MINISTERS and ELDERS of the *British Presbyterian* Churches, in the City of *Philadelphia*.

May it please your HONOUR,

WHILST you daily receive so many affectionate Testimonies of Esteem and Regard, permit us also to congratulate you on your safe Arrival and happy Accession to the Government of this extensive Province.

We gratefully acknowledge His Majesty's paternal Regard to us his distant Subjects, who has been pleased to approve of the Choice of a Governor, whose Interests are so closely connected with those of the Province; the Benefit of such a Connexion we have happily experienced in the wise and equitable Administration of the honourable JAMES HAMILTON, Esq; your worthy Predecessor.

As Piety and Virtue exalt a Nation, and are the best Supports of Government, we doubt not but your own Example and extensive Influence, will be employed to promote our holy Christian Religion; and that, according to the excellent Plan of this Government, you will equally cherish and protect all peaceable Subjects, of every religious Denomination, under your Care, who profess the Doctrines, and follow the Example, of our Lord JESUS CHRIST.

Your near Relation to our honourable Proprietaries, whom GOD has endowed with such singular Wisdom to found and aggrandize this Province, must ever inspire all its Inhabitants with Affection and Gratitude to your Honour, and give them the most pleasing Assurances, that their civil and religious Liberties, and the public Happiness, will be your constant Care, and highest Satisfaction.

Sensible of our Privileges, and of the particular Obligations we are under to your honourable Family, permit us, Sir, to make you a hearty Tender of our warmest Affection and Fidelity, praying Almighty GOD, that you may long continue among us, and ever discharge the Duties of your exalted Station with distinguished Honour and Dignity.

Signed, in their Name, and by their Appointment, by
GILBERT TENNENT, JOHN ALLEN,
FRANCIS ALISON, JOHN MEASE.
JOHN EWING.

To which his HONOUR was pleased to give the following
ANSWER.

GENTLEMEN,

YOUR kind Congratulations, on my Arrival and Accession to this Government, are very obliging.

The Professions of Loyalty you make to His Majesty, and the respectful Sentiments you entertain of the Proprietaries, are no less agreeable to me. You may rest fully satisfied, that the religious Societies under your Care shall receive all the Protection in my Power to afford them.

By the Honourable
JOHN PENN, Esq;
Lieutenant-Governor and Commander in Chief of the Province of Pennsylvania, and Counties of New-Castle, Kent and Sussex, on Delaware,

A PROCLAMATION.

WHEREAS Information hath been made to me, not only that divers Attempts have of late been made to rob, but that several Robberies have been actually committed on His Majesty's Subjects, travelling on the Highways, near the City of Philadelphia, by Persons unknown, one of which Robberies was committed on Saturday last, on the Wissahiccon Road, and was accompanied with the Murder of Henry Hamilton, the Person robbed, to the great Terror and Annoyance of the said Subjects, coming to, and returning from, the said City: And whereas it is of great Importance that a Stop should, as soon as possible, be put, in this young Colony, to Crimes of so evil and pernicious a Nature, and the Authors and Perpetrators thereof brought to condign and exemplary Punishment; I HAVE therefore thought fit, with the Advice of the Council, to issue this Proclamation, hereby offering a Reward of TWO HUNDRED POUNDS, to any Person or Persons, who shall make known, and cause to be apprehended, all or any of the Persons, who were concerned as Perpetrators or Accomplices, in the Robbery and Murder of the said Henry Hamilton; and the Sum of FIFTY POUNDS for the making known and apprehending, all or any of the Persons concerned as Authors, Perpetrators or Accomplices, in any of the other Robberies, or Attempts to rob, on the said Highways, since the First Day of October last, so that he or they shall be convicted thereof according to the due Course of Law. And I do hereby strictly charge and command all Magistrates, Sheriffs, and other Officers whatsoever, within this Government, to use their utmost Care and Diligence in detecting and apprehending the said Offenders, that they may be brought to Justice.

Given under my Hand, and the Great Seal of the said Province, at Philadelphia, the Twenty-second Day of November, in the Year of our Lord One Thousand Seven Hundred and Sixty-three, and in the Fourth Year of His Majesty's Reign.

JOHN PENN.

By his Honour's Command,
JOSEPH SHIPPEN, jun. Secretary.

GOD Save the KING.

The above Robbery and Murder was committed between the Hours of One and Two in the Afternoon, by a middle sized Man, who wore a light coloured Coat, and had black Hair, or a Wig.

Extract of a Letter from Carlisle, November 8.

"Again our savage Enemy have begun to infest our Borders. Yesterday Morning, about or before Sun-rise, as one James Williamson was going from his House to his Barn, he was fired on by three Indians, who killed and scalped him, and his two youngest Children, taking the eldest (a Girl about ten Years old) Prisoner; the Wife happily made her Escape.---Said Williamson lived about 16 Miles up the County, near the Foot of the North Mountain. The Settlement being alarmed, a Party of near Forty immediately turned out, and went in Pursuit of the Enemy; and unless by this Means the Indians be intimidated to a hasty Flight, we shall most probably hear of more Mischief being done, as the Inhabitants on this Side of the Hill were in general gone home to their Places, and many also of those over the Hill."

P. S. "An Account is just now arrived of Indians having been seen Yesterday, in the Upper Part of Shearman's Valley; and that the People are hasting from that Side of the Hill.---The Party that went out after the three Indians, is returned without finding them."

Extract of another Letter from Carlisle, Nov. 14.

"By a Gentleman arrived this Evening from Bedford, we have the following Account, viz. That the Convoy of Provisions for Pittsburgh left that Place on Thursday last, under an Escort of about 60 Men: That on Friday Morning several Indians were seen about, or near, the Road: That one Man, who had been out hunting Horses, was dangerously wounded, but made his Escape, and was brought back to Bedford: That William Reed, and David Glass, were found killed and scalped the same Day at Dunning's Creek, about three Miles beyond Bedford; and a Third was missing, supposed to be made Prisoner: And that it was thought there was a large Party of the Enemy in those Parts, as many Tracks had been discovered.

"By the same Gentleman we are further informed, That Yesterday, in the Afternoon, soon after he got to Fort Loudoun, two young Men came in there, having fled from the Great Cove, and brought Advice, that on their hearing several Guns fired in the Forenoon, and imagining it to be a Party of Indians, they, and two others, went to make a Discovery, and soon came up with about 20 of them, as near as they could guess: That the Enemy discovering them, fired at, and wounded one; upon which these two fled; and when they had got on the Hills, looking back, they saw two Houses in Flames; the Families of which, it is feared, are all killed, except one Lad, who has made his Escape.---This is all we have yet heard, but expect a Day or two more will bring us a great deal of melancholy News."

Nov. 15. "Accounts of this Morning say, that four Houses were seen on Fire in the Cove, and the Families supposed to be murdered."

Extract of a Letter from Bethlehem, November 19.

"Yesterday in the Afternoon we received Advice from Fort-Allen, that Job Chillaway arrived there the Night before, and brought Word that Papunchang, and many more, were coming down, as Friends, from Wyalooſing, having determined to separate themselves from the Enemy Indians; and that he had run as fast as he could two Days before them, because he apprehended that some Enemy Indians would fall on the Inhabitants about the same Time his Company would arrive, which might be laid to their Charge:---He therefore desired that timely Notice might be sent to the People on the Frontiers, that he had certain Intelligence that three Parties of Enemy Indians were coming down to fall on this County; Forty of them on the Minisinks; Fifteen towards Allemingle; and Twelve on our Parts. Mr. Erwin is gone out to meet Papunchang and his Company.

"We have the melancholy News to send you, that last Night, about One o'Clock, our Watchmen discovered our Oil-Mill to be on Fire; the great Alarm being given, by the Discharge of a Gun, and the ringing the Bells, we were much surprized, and at first thought Bethlehem was all in Flames.

"We apprehended, at first, it had been done by the Savages, having the Day before received the above Intelligence. A Track being discovered in the Snow, over the Bridge adjoining to the Mill, in the Morning, two of our Brethren followed it up the Lehi two Miles, where the Snow from the Bushes fell so thick that no further Tracks could be seen, and we could not determine whether it was the Track of a white Man or an Indian. It is certain the Place was set on Fire, as there had been no Oil made, nor Fire in the Mill, for a Fortnight past. Providentially the N. E. Wind blew very briskly, and turned the Flames from the other Houses, or they might have been totally consumed.

"The Oil-Mill was connected with the Mill for grinding the Tanner's Bark, and that for pounding Hemp, and other Mill Work; all which, with several Hundred Bushels of Flaxseed, are consumed, except the Wheel, and that Part of the Building over it."

The following Account we had from a young Man, a Baker, of this Town, viz. That on Saturday last being at a Tavern in Chester, on his Way home from a Journey, a Man, dressed in a blue Coat, came into the Room where he was, who pretended likewise to be coming to Philadelphia, but had no Horse: That after some time the Baker set off for Town, when this Person immediately jumped on behind him, and rid with him in that Manner for some Distance, whistling and hallooing sometimes, as if he wanted some Body to come to him, and endeavouring to get a Gun from the young Man, which he luckily happened to have with him; but finding he could not get it, he dismounted, and walked some time by the Side of the Horse, holding the Man by the Leg, and at last left him, and went into the Woods: That then the Man put on, but had not rid far before he was stopt by three Men from the Woods, one of whom took his Horse by the Bridle (all the 3 being about the Horse's Head) upon which he fired his Gun, and wounded the Fellow that had hold of the Horse, as he imagines, in the Arm, as he then let go his Hold, reeled back, and cried out, O JESUS: That after this he put on again, but had not come a great Way, before he was stopt by one Man, who desired him to stand; but he gave him a Blow with the Butt End of his Gun, which broke it, and the Fellow quitting his Hold, the Man came off, and got safe to Town.
